

Free PCA Training & Certification

Do you enjoy making a difference in someone's day? If you love caring for others and ending your day knowing you brought a smile to someone else, we invite you to participate in our free Personal Care Aide training class. The unpaid class starts on Mondays and continues for 7 days, no weekends, with new classes starting often. After completing and passing the class, you will become a NYS certified PCA.

During the class, you will learn how to care for patients who might be using a walker, wheelchair or even a hospital bed. Some patients need assistance with their meals, grooming or dressing. Patient needs vary but all are grateful for the support and friendship you bring to them every day.

Liberty Home Care is always looking for dedicated PCAs to join our team to care for patients located throughout Erie and Niagara counties so we have flexible schedules, locations and hours to fit your needs.

After receiving your PCA certification, we invite you to apply to become a Liberty PCA and join our team. Completion of the class does not guarantee employment. We offer great benefits, including paid time off and holiday pay. We are always looking for friendly and caring people. Sign up for the class today!
