◦ Utility Trailer -- Utility Side Skirt 160	NP ⁸

Another Reason Why TrailerBlade™ is Better

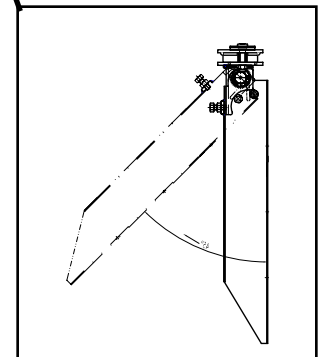

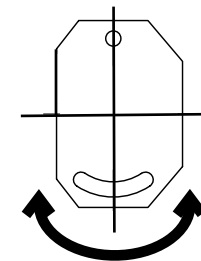

Ours

Theirs

TrailerBlade's™ lower skirt is made of a rubber compound that is incredibly tough. It retains its fuel savings rigidity in temperatures over 200 degrees yet is flexible enough to pass over obstacles in temperatures as low as minus 40 degrees. It's means the difference between getting a little rock dust on the lower skirt and a costly repair

Articulating Pillar Protects Panels. Pivoting Head Ensures Fast, Accurate Installation. Enclosed Design Resists Buildup of Mud, Snow and Ice
