

# PONTOON BOATS

The luxury boats you're about to behold are the result of 75 years of hard work, innovation and a tenacious commitment to quality. For five generations and counting, our family has been dedicated to sharing the wonder of boating by creating the finest watercraft that money can buy.

SYLVAN

Each year, we put our heritage on the line with great new Sylvan lineups backed by the best warranty and the best customer service there is. We pioneered our SPX performance tubes to deliver incredible acceleration and sports car-like handling, and we continue to lead the way with luxurious interiors, inspired designs, and the highest quality in the industry.

We're not just boat builders. We're boaters, just like you — and we're confident 75 years is just the beginning. Take a look at our 2023 pontoon boat lineup and we think you'll see why.

This catalog is designed to guide you through the full 2023 Sylvan pontoon boat lineup. We invite you to learn what goes into making your Sylvan and explore each series in depth to find the right boat for you and your family.

SPX performance strakes are mounted on the inside of the outer tubes and on both sides of the middle tube to deliver the tighter turning radius and faster planing that are vital for all water sports and cruising.

# A HERITAGE OF PERFORM

Our SPX triple-tube performance package with specially designed performance strakes sets the standard for pontoon performance. By delivering better lift, less surface drag, greater speed, a tighter turning radius and faster planing—all without sacrificing the smooth, stable ride that Sylvan is known for—SPX performance lets you turn quickly to pick up a downed skier or glide above the chop on a windy day.

The SPX PR25 triple-tube performance package is built to make the most of today's higher horsepower engines. SPX performance strakes are mounted on the inside of the outer tubes and on both sides of the center tube to deliver a tighter turning radius and faster planing for water sports and cruising.

The innovative center tube design allows you to add more horsepower at any length for optimal performance. An integrated ski pylon, performance shield, hydraulic steering and a built-in fuel tank in the center tube come standard.

# **PAINTED TUBE OPTION**

Sylvan Marine pontoon tubes are constructed with up to .100"-gauge one-piece marine-grade aluminum. And now, with the painted tube option, you get the added durability provided by a combination of zinc chromate primer and urethane paint, which forms a corrosion-resistant surface.

# A HERITAGE OF INNOVATION

# L SERIES DLZ BAR

Winner of the NMMA Minneapolis Innovation award, the all-new DLZ Bar allows you to easily convert your dual-facing lounger to a complete bar with four bar stools and six cupholders.

The L Series DLZ Bar comes standard with the SPX PR25 Performance Package

# SIMRAD® NSS EVO3™ MULTIFUNCTION DISPLAYS

Available on many 2023 Sylvan models, the remarkable Simrad NSS evo3 multifunction touchscreen display lets you make the most of your time on the water with unprecedented power, speed and functionality. Its ultra-clear SolarMax HD screen renders an exceptionally clear view from any angle, even when wearing polarized sunglasses, so you can enjoy fingertip control of all engine functions, navigation and entertainment features. Built-in Wi-Fi provides enhanced connectivity and the ability to directly download a wide range of digital charts, including C-MAP Genesis and Lake Insight Pro, Navionics and more.

For 75 years, Sylvan has led the pontoon boat industry with cutting-edge technology and countless innovations that have been widely adopted by other manufacturers.

# STATE-OF-THE-ART LIGHTING

Sylvan's advanced lighting options set the mood while enhancing occupant safety. Our RGB color-changing LED interior courtesy lights and lighted cup holders are as functional as they are stunning, providing gentle illumination to bring out the best of a twilight cruise. Babbito underdeck and underwater lighting makes a bold statement while improving visibility, making every ride a truly illuminating experience.

# JL AUDIO® SYSTEMS

JL Audio's reputation as a leader in marine audio was built on the quality of their marine loudspeakers, subwoofers, amplifiers, and clean signal from well-engineered source units. Built to withstand the harsh marine environment while offering connectivity to all your media devices and multiple zone outputs, these systems give you full control of the sound throughout the boat.

# A HERITAGE OF QUALITY

# THE STRONGEST FOUNDATION ON THE WATER

Sylvan pontoons offer incredible performance today and durability that will last for years to come. It all starts with a solid foundation built on stronger designs, better materials and the benefit of 75 years of experience crafting the best pontoon boats on the water. Rest easy knowing that when you buy a Sylvan, you're buying the best.

# A CONSTRUCTED FOR ENDURANCE

3/4", 7-ply pressure treated plywood is through-bolted and screwed to the hat channels to create the strongest seams in the industry.

#### **B HAT-CHANNEL CONSTRUCTION**

How does Sylvan build the widest base in the industry without adding extra weight? We use strength points of "heavy" .250"-gauge (shown) and .125"-gauge (standard), 6"-wide aluminum hat channels and secure them by spreading 8 bolts across 6" deck risers. We combine that with a .190"-gauge aluminum transom, through-bolted with up to 20 bolts, and footed deck risers that eliminate tube fatigue. We're so confident that our construction is the best that we back it with a Limited Lifetime Warranty.

# **C FENCE AND RAILING**

We back our fence and railing with foam to prevent rattling, but only after fully welding and anodizing every joint. Once a weld is anodized, it is never painted. Every foot of fence and railing is backed by a 6-year warranty.

## **D THRU-BOLTED TRANSOM**

Sylvan transoms are made from aluminum gauges as heavy as .190" and are supported with up to 20 stainless steel bolts all to handle today's higher horsepower engines.

#### **E AIR-TIGHT CONSTRUCTION**

Our tubes feature air-tight construction with a completely welded-in baffle at each chamber, plus a drain at the bottom. A drain plug at the rear of the tube allows water to be completely removed from the tube if necessary.

# **F SUPERIOR CONSTRUCTION**

Innovative manufacturing with advanced, automated tubeforming cells for superior construction and tube strength.

#### **G** 4-POINT DECK-TO-HULL FUSION

Every Sylvan deck bracket is fused to the tube at four points to increase the contact area with the tube. Besides increasing strength and support, four-point fusion reduces frame twist and racking in rough water and helps prevent tube fatigue.

Since Sylvan began building pontoon boats back in 1948, we've continually set the standard for quality—both above and below the deck.

# **INNOVATIVE FLOORPLANS**

Sylvan offers the most unique floorplan options with furniture configurations like loungers, bar sets and flip-back seating, all designed with durability and comfort in mind.

# Mirage Party Fish 4.0

# **FURNITURE CONSTRUCTION**

Crisp, precise stitching. Neatly integrated cup holders. Concealed, dry stowage with speaker covers in the seat base. And innovative designs that feature fold-out change rooms or flip-up counter space. There's a lot more to our furniture than meets the eye.

# THE PONTOON OF CHOICE

# BECAUSE YOU DESERVE NOTHING LESS

It all started with two words.

What if.

As in, what if we left constraints aside and just built the most opulent interior on the water today? What if we loaded that interior with every imaginable amenity? What if we neatly integrated next-generation technology, bringing unprecedented levels of convenience and ease of use? And what if we put it all on a high performance chassis with an all-new body design so it drives as sweet as it looks?

> Welcome to Sylvan M Series. Built without compromise. Because you deserve nothing less.

SYLVAN 75TH ANNIVERSARY | 1948-2023

# MIRAGE

Innovation, quality and performance have been Sylvan hallmarks from the day we started building pontoon boats way back in 1948. But just as important is our focus on value. That's why every model in our Mirage Series comes loaded with standard features that other brands charge extra for. No pontoon on the water offers greater value.

## TUBE CONFIGURATIONS

### **OUTPERFORM YOUR EXPECTATIONS**

Sylvan offers a full selection of pontoon tube configurations, making it easy to select the perfect package to suit your boating needs. Lightweight twin tube configurations, with available performance shields and lifting strakes, deliver impressive performance and unbeatable value. Tri-toon models offer even greater performance, or step up to a PTS or SPX Performance Package and enjoy better lift, less surface drag, increased speed, faster planing and a tighter turning radius that allows you to turn quickly to pick up a downed skier. Plus, when you add a higher horsepower engine to these innovative tube designs, you'll experience exhilaration you never dreamed possible in a pontoon—all covered by Sylvan's industry-leading Lifetime +6 warranty.
