ABOUT US . . .

The land now known as Buffalo Valley was purchased back in 1958 by George Stoyanoff. He lived on the land for many years. In 1968, George, with family & friends, began building the complex. After four years of construction, the Buffalo House opened in 1972. It was built with lumber taken from Buffalo Valley. We became known as the place to go for good times & great food. George also raised a herd of buffalo, built a small farm, kid's zoo, swimming pool, campground, six ball fields and the Buffalo Junction. The Buffalo House, along with Buffalo Valley, kept growing and expanding.

On March 9, 1984, a small explosion occurred in the woodstove which caused a major fire that burned the Buffalo House to the ground. Many people watched from the roadside as it went up in flames.

Many years passed until George decided to rebuild the Buffalo House, again with help from his family and friends. Like the original, the lumber was taken from Buffalo Valley. The new Buffalo House started out with a small bar and a few tables. Before long we expanded into a full dining room, with a fully equipped banquet room known as "The Great Bison Hall". In addition, we have continued to make great improvements to all of our outdoor facilities. For summer, we offer ball fields, an expanded and improved campground with a new shower room and volleyball courts. During the winter, we have a rink for boot hockey and broomball. We plan to continue upgrading our facilities in the future.

Please sit back, relax and have a great time at the Buffalo House!
