

Sleep Therapy

When it comes to choosing a sleep therapy partner, count on us.

At Stat Medical we don't rest until we know that you are sleeping all night, every night. So we offer you more than equipment and a mask. We offer you personalized service that considers all aspects of your therapy, including insurance. At STAT Medical, we know that sleep therapy only works if you use it. We are committed to supporting you every step of the way so you will not only start using it, you will keep using it.

Our focus is on your long-term results

We provide ongoing education and support as you need it.

Our goal is to make sleep therapy as easy as it can be

- **Mask Exchange Program**

We are committed to helping you be successful with your therapy. The first step is finding the right mask. We work with you until we find a mask that's comfortable and fits. Our Mask Exchange Program ensures that if your original mask is not a good fit, you can try another one - at no charge - within the first 30 days of therapy.

- **No-hassle insurance billing**

For Medicare and many private insurance companies, we'll submit your insurance claim and take care of all the paperwork.

- **Full time Respiratory Therapist**

We employ a full time respiratory therapist who is available to answer all of your questions before, during and after your set up. Direct line 928-263-8453.

- **Highest-quality equipment**

We choose the best equipment and masks based on our experience with thousands of patients.
