# Quantum

Why try and cram a whole summer of fun into one or two short weeks? A new QUANTUM pool makes your summer fun last all summer. It's like one endless summer of cool fun for the whole family.

## LASTING STYLE AND VALUE FOR YOUR BACKYARD

The QUANTUM pool brings unique style and beauty to your yard with design-inspired walls. Sepia colored co-ordinated posts and top ledges add a graceful touch. This look complements any backyard and any taste. And this new Cornelius pool looks beautiful year after year, while it adds value to your lifestyle.

## DURABLE CORNELIUS POOLS LAST SUMMER AFTER SUMMER

The QUANTUM stands up to whatever kids can dish out, while it handles any weather with ease. Our 7" extruded resin ledge resists weather, water and wear. Durable 6" steel upright posts with unique interlocking resin caps and resin connector/foot collar combo gives the whole package strength, support and style. Heavy-duty tracks, oversized top connectors and oversized fasteners add strength for a pool that will last for summers to come.

## YEARS OF EASY MAINTENANCE

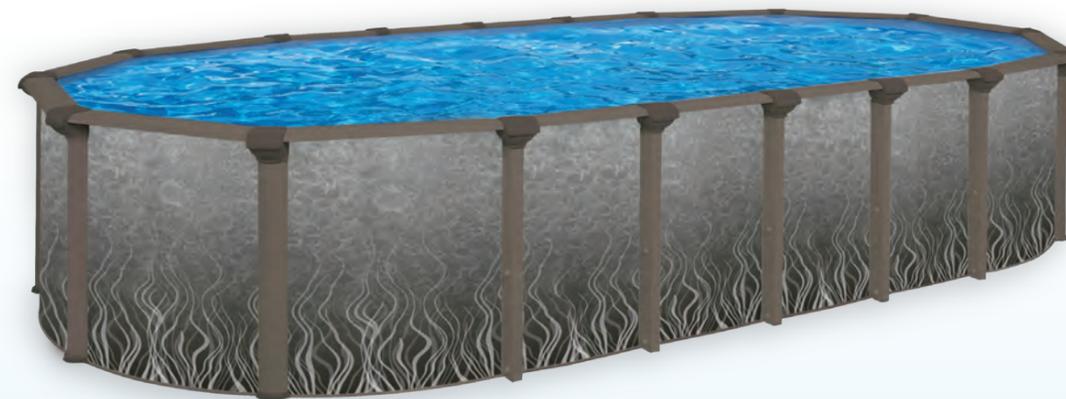

The oval pool brings the ultimate in style to your yard with a fun, flexible shape. Added engineering means long life, easy care and more useable yard space. Available with traditional angle bracing or a space-saving Narrow Buttress System (NBS). Your pool installs easily. Ledges, caps and posts fit snugly and securely. Skimmer and return outlets come pre-punched.

## DO IT YOURSELF INSTALLATION

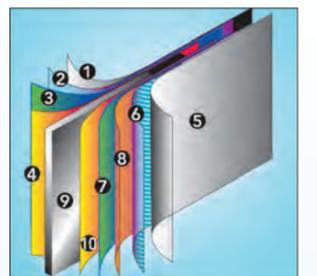

If you're handy with a screwdriver, then you can easily assemble your QUANTUM pool. We've designed each pool to make installation problem-free—no multi-sized washers or nuts to worry about. Just one large screw type is used to assemble the entire round pool and we provide easy-to-follow instructions.
