Hayauchi

This amazing pole saw allows users to reach new heights and enables crews to dramatically improve production

Features & Benefits

- Aluminum alloy extension poles are oval-shaped, providing precision control and giving strength and rigidity to the pole
- Two locking systems assure structural rigidity of the extended poles:
 - Locking pins/buttons — The primary pole locking mechanism
 - Friction clamps — The secondary pole locking mechanism
- Base pole has a pole-end shock absorber and comfortable rubberized overgrip which ensures good grip and control
- 15.4 inch curved blade with XL cutting teeth comes with a black rigid-plastic cover, has a large cutting capacity & an upper "hook" to cut vines/suckers & to eliminate pulling out of the cut
- The lower sickle is used to undercut bark and reduce the risk of tearing into the branch collar
- The Hayauchi blade is resharpenable
- Complete saw sold in two versions:
 - 17839 — 3 sections (2 extensions) 7.7ft - 16ft
 - 17939 — 4 sections (3 extensions) 8ft - 21ft

PART #	DESCRIPTION
17839	7.7ft - 16ft 3 Section Pole Saw
17939	8ft - 21ft 4 Section Pole Saw
1770203	390mm Replacement Blade
1770241	Replacement Blade Assembly
17742	Replacement Scabbard
1770091	Hook Accessory
425-01	Fox Hook Fits Hayauchi, Longboy, Zubat, & Hayate Pole Saws

Hayauchi

Hayate

This super efficient, state-of-the-art, aluminum telescoping saw is the strongest, beefiest Silky pole saw to date

Features & Benefits

- Features and aggressive blade, improved locking system, and superbly engineered oval handle for greater strength and effectiveness
- Thicker pole sections increase rigidity while also making the base pole easier to hold
- 16.5" blade with XL cutting teeth allows for a larger cutting capacity and a longer stroke
- Includes a sickle to score bark on the bottom side before making your primary cut
- Sharpened hook tip pills suckers or extracts "hangers" from the tree
- Taper-ground blade reduces drag and directs more usable energy to the cutting edge
- The Hayate blades are resharpenable
- Complete saw sold in two versions:
 - 37142 — 3 sections (2 extensions) 7.9ft - 16.4ft
 - 37242 — 4 sections (3 extensions) 7.9ft - 20ft

PART #	DESCRIPTION
37142	7.9ft - 16.4ft 3 Section Pole Saw
37242	8ft - 21ft 4 Section Pole Saw
373-42	420mm Replacement Blade
375-70	Replacement Sickle
425-01	Fox Hook Fits Hayauchi, Longboy, Zubat, & Hayate Pole Saws

HAYATE

Zubat

Super lightweight aluminum pole saw

Features & Benefits

- The aluminum ZÜBAT pole saw is amazingly light-weight, weighing as little as 2.65lbs
- Offers the same blade & cutting efficiency as the ZÜBAT hand saw, but with extended length
- Great for reducing work load for jobs closer to the ground and branch diameters under 6"
- 13" blade length with Large cutting teeth
- Great for pruning tight to the trunk of dense ornamentals
- Complete saw sold in two versions:
 - 27212 — 2 sections (1 extensions) 6ft - 9ft
 - 27215 — 2 sections (1 extensions) 7ft - 11ft

PART #	DESCRIPTION
27212	6ft - 9ft 2 Section Pole Saw
27215	7ft - 11ft 2 Section Pole Saw
27133	330mm Replacement Blade
27241	Replacement Scabbard
425-01	Fox Hook Fits Hayauchi, Longboy, Zubat, & Hayate Pole Saws

ZÜBAT

Professional Series Pole Saw

Professional series pole saw that features a quick change pruner head and a quick change sawhead

Features & Benefits

- Deluxe pruning package features a quick change pruner head, a quick change saw head with S-120 blade and a 6' mid-pole, 6' base pole and rope
- Professional series pole saw features extra stiff pole, reinforced spring clip and heavy duty rubber end cap

PART # PKG-23B

Telescopic Series Pole Saw

Telescopic series pole saw that features a quick change pruner head and a quick change sawhead

Features & Benefits

- Marvin's 12' telescopic fiberglass base pole with Marvin's quick change pruner head, quick change saw head and S-20 tri-edge blade

PART # PKG-25QC

Quick Change Pruner Head

Quick change pruner head with adapter

Features & Benefits

- 1 1/4-inch cut pruner head with adapter
- Will fit PKG-23B & PKG-25QC

PART # QCP

FRED MARVIN
Pole Pruners and Saws Since 1943

The "Bull"

Quick change pruner head with dual pulley and adapter

Features & Benefits

- 1 3/4-inch cut pruner head with dual pulley and adapter
- Rope included

PART # QCB

FRED MARVIN
Pole Pruners and Saws Since 1943

Quick Change Pole Saw Head

Quick change saw head with adapter

Features & Benefits

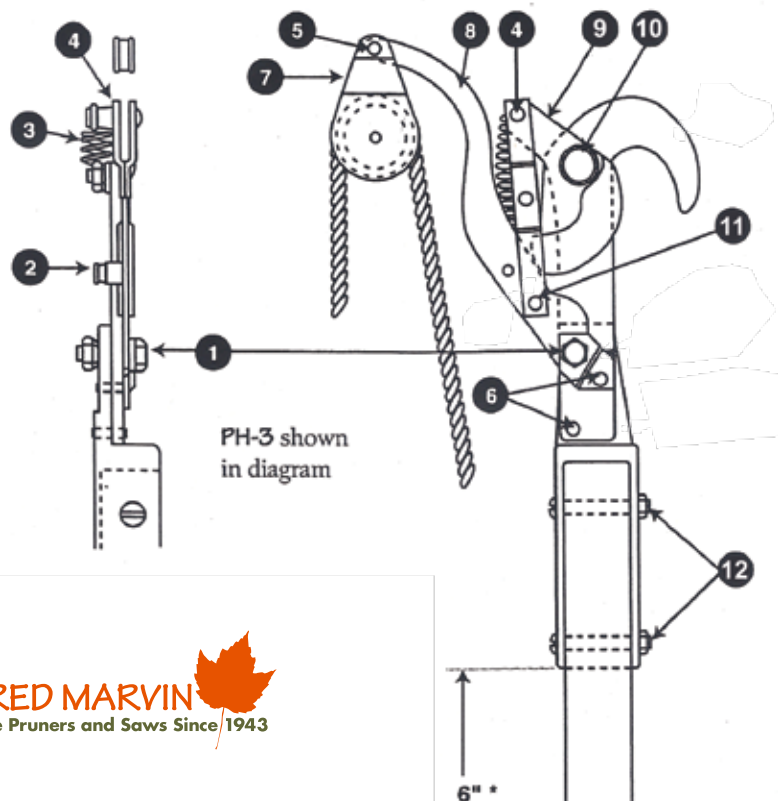

- An assortment of saw blades attach to the head via a bolt and wing nut (blade not included)
- Fits all Marvin poles with a female ferrule (base and mid poles)
- Includes quick change saw head with adapter
- Replacement bolt & nut part number U1R-BW

PART # QCS

FRED MARVIN 
Pole Pruners and Saws Since 1943

Fred Marvin Replacement Parts

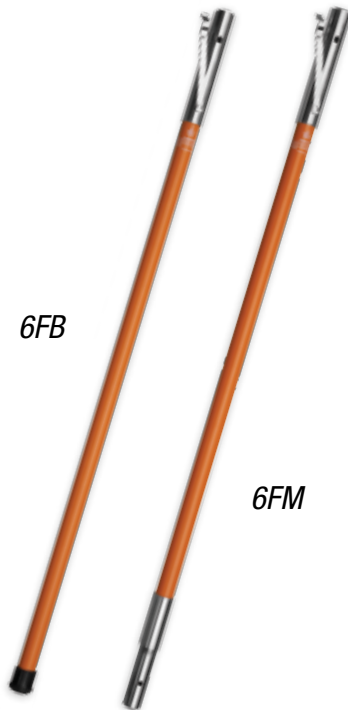

#	PART #	DESCRIPTION
1	Z124	Block Bolt Washer & Nut

	U1R-BW	Replacement Bolt & Nut for QCS

FRED MARVIN 
Pole Pruners and Saws Since 1943

Professional Series Poles

Fred Marvin Professional Series fiberglass poles

Features & Benefits

- Hollow core fiberglass poles are lightweight and extremely durable
- .125" wall thickness
- Female ferrule features a heavy duty spring clip
- Base pole features heavy duty rubber foot
- 6FB — 6' fiberglass base pole
- 6FM — 6' fiberglass mid pole

PART #	DESCRIPTION
6FB	Base Pole 6' Fiberglass
6FM	Mid Pole 6' Fiberglass

FRED MARVIN
Pole Pruners and Saws Since 1943

Telescopic Series Pole

Fred Marvin Telescopic Series fiberglass pole

Features & Benefits

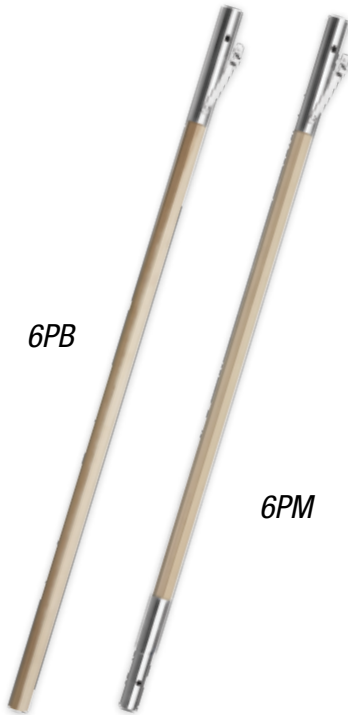

- 12' telescopic fiberglass pole with ferrule
- Hollow core telescopic pole eliminates the need for multiple poles
- Durable locks ensure pole will not collapse

PART #12TB

FRED MARVIN
Pole Pruners and Saws Since 1943

Wood Poles

Octagonal wood poles

Features & Benefits

- Crafted from poplar wood in an octagonal cut
- Hand crafted to assure strength and durability
- 6PB — 6' poplar base pole
- 6PM — 6' poplar mid pole

PART #	DESCRIPTION
6PB	Base Pole 6' Poplar
6PM	Mid Pole 6' Poplar

FRED MARVIN
Pole Pruners and Saws Since 1943

Silky Pole Saw Section

3rd section for Silky's HAYAUCHI pole saw

Features & Benefits

- 21' Pole M 3rd Section for Hayauchi 2008 & Newer Models

PART #	DESCRIPTION
1770054	21' Hayauchi Pole Section
1770459	Stopper Button For ALL HAYAUCHI & HAYATE Pole Saws
1770479	Top Stopper Button for HAYAUCHI & HAYATE 21' Pole Saws
3700476	Stopper Button Spring HAYATE LONGBOY HAYAUCHI (ALL Models)

Silky
World's finest saw.

Pole Ferrules

Couplings for fiberglass and octagonal wood poles

Z126F

Z126M

Features & Benefits

- Aluminum extension couplings to connect two round or octagonal poles
- Both couplings are locked by a spring clip that is easily controlled with thumb and forefinger
- Z126F — Female ferrule with spring clip
- Z126M — Male ferrule with spring clip
- Z126 — Complete set male and female ferrules with spring clip

PART #	DESCRIPTION
Z126F	Female Ferrule with Spring Clip
Z126M	Male Ferrule
Z126	Complete Set Male and Female Ferrules with Spring Clip

FRED MARVIN 
Pole Pruners and Saws Since 1943

Pole Pruner Rope

For use with Fred Marvin Quick Change pruner heads

Features & Benefits

- 14' length by 5/16" diameter
- Bagged pole pruner rope for use with Fred Marvin Quick change pruner heads

PART # Z125A

FRED MARVIN 
Pole Pruners and Saws Since 1943

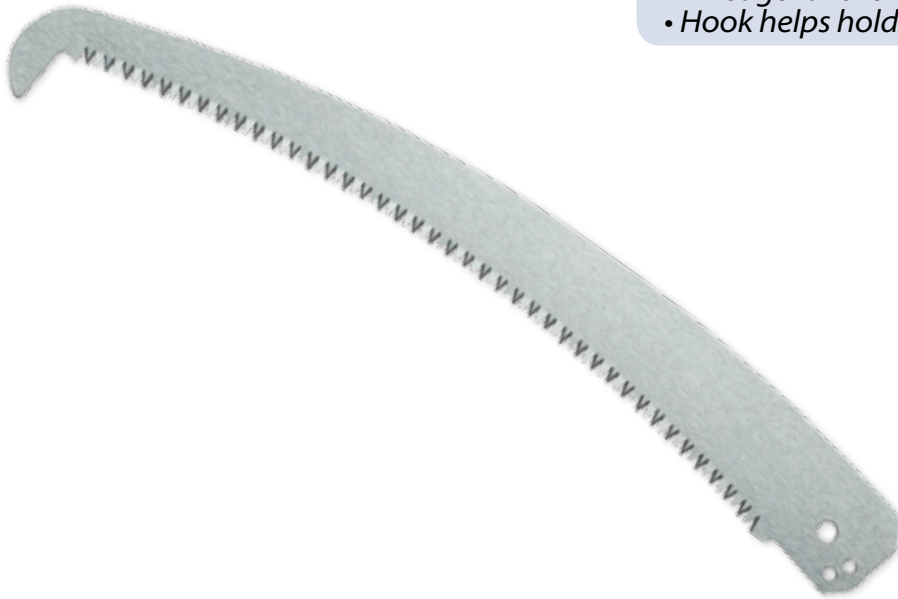

330 Tri-edge Pole Saw Blade with Hook

Designed and built to meet the rigid requirements of tree service professionals

Features & Benefits

- Tri-edge razor sharp cutting edge
- Hook helps hold blade in cut

PART # S21

FRED MARVIN
Pole Pruners and Saws Since 1943

330 Tri-edge Pole Saw Blade

Designed and built to meet the rigid requirements of tree service professionals

Features & Benefits

- Tri-edge razor sharp cutting edge

PART # S20

FRED MARVIN
Pole Pruners and Saws Since 1943

Zubat 330

The tool of choice for professional tree care companies depending on maximum performance and efficiency

ZÜBAT

Features & Benefits

- Professional, heavy-duty, mono-constructed blade
- Curved blade provides greater cutting speed with less effort
- Ergonomic comfort grip handle
- 13" blade length with large cutting teeth

PART #	DESCRIPTION
27033	Saw With Scabbard
27133	Replacement Blade
27041	Replacement Scabbard

Sugoi 360

Suitable for cutting large branches at any height, and providing superior sharpness and long-term durability

SUGOI

Features & Benefits

- The hook tip blade is perfect for pulling clinging vines and unwilling hangers from the canopy
- 14 1/5-inch blade length with XL cutting teeth
- 23" long in the scabbard and just shy of 2 lbs (1lb 8oz), the SUGOI is the right size to slip into a pack if needed
- Fluted, impulse-absorbing rubber handle offers superior feel, grip and comfort
- Blade can be resharpened

PART #	DESCRIPTION
39036	Saw With Scabbard
39136	Replacement Blade
3900043	Replacement Scabbard

Ibuki

The tough get-the-job done hand saw

IBUKI

Features & Benefits

- 15 2/5-inch curved, fixed blade with XL cutting teeth
- Perfect for aggressive cutting and efficient chip removal
- Features proprietary 4-RETSUME (four rows of teeth) technology
- Heavy-duty blade with precision-ground, laser sharp teeth is designed to cut on a pull stroke and provides fast, clean and extremely smooth cutting action
- Comfortable rubber hand grip that absorbs vibration
- Equipped by both ring and belt strap attachments that can be used on the left and right side

PART #	DESCRIPTION
27539	Saw With Scabbard
27639	Replacement Blade
2750041	Replacement Scabbard

Gomtarō

Utilizes proprietary "teeth of the future" providing high-performance cutting efficiency

Gomtarō

Features & Benefits

- 11 4/5-inch blade length with large cutting teeth
- Utilizes proprietary Silky MIRAI-ME (Smooth Cutting) technology "The Teeth of the Future", providing high-performance cutting efficiency
- Precision-ground, razor sharp teeth, with four cutting angles deliver fast, clean and extremely smooth cutting action
- High performance blade with an integrated non-slip cushioned comfort rubber handle
- Included is a durable black polypropylene sheath with belt clip
- Scabbard has rollers to guide and lock blade

PART #	DESCRIPTION
10230	Saw With Scabbard
10330	Replacement Blade
1020054	Replacement Scabbard

Natanoko 330

This pistol grip saw is a compromise of rigid and flexible

NATA
NOKO

Features & Benefits

- Ultra-durable hand saw with a 13-inch, straight, mono-constructed blade with large cutting teeth
- Mono-construction gives strength and flexibility to the full length of the saw
- Rubber hand-grip encases the blade extension, absorbing vibration while providing superior grip
- Precision-ground, razor sharp teeth provide fast, clean and extremely smooth cutting action
- Hard chrome-plated blade resists rust and effects of tree resin, wiping clean easily
- Durable, black, polypropylene sheath with a belt holder comes standard

PART #	DESCRIPTION
12933	Saw With Scabbard
13033	Replacement Blade
1290044	Replacement Scabbard

22.5" Pro Tooth Saw

When you need a large ground saw, this is the one for you

Features & Benefits

- 22.5" cutting edge
- 4.5 points per inch lance teeth
- 18 gauge special formula saw steel
- Laminated hardwood handle

PART #	DESCRIPTION
K24C	Saw With Scabbard (Combo)
K24	Saw Only
24-B	Replacement Blade

13" Curved Razor Tooth

One of the most popular pruning saws in the industry

Features & Benefits

- 13" razor tooth blade with Tri-edge teeth
- 6 teeth per inch
- Pistol grip is made of durable marine grade plywood

PART #	DESCRIPTION
Fi1311C	Saw With Scabbard (Combo)
Fi1311	Saw Only
Fi13S-B	Replacement Blade for Fi1311 ONLY
Fi-H13S-B	Replacement 13" Blade with Hook

Compact Speed Saw

Features and extra thick and extra wide razor tooth blade

Features & Benefits

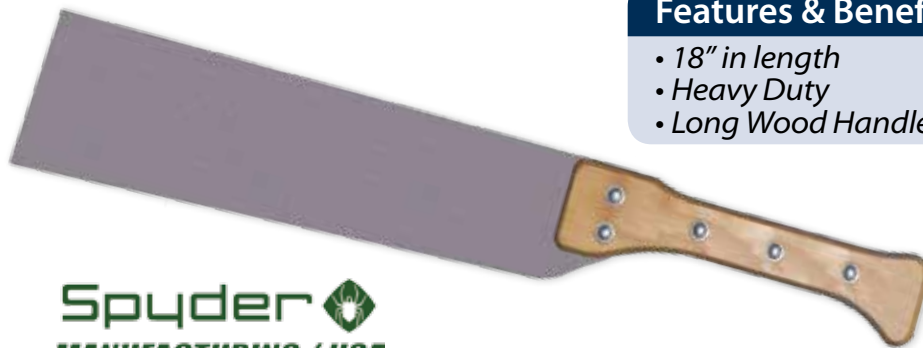

- 15" razor tooth Tri-edge cutting edge
- 5.5 points per inch
- Special formula extra heavy gauge saw steel
- Contoured laminated hardwood handle designed for knuckle protection and comfort
- Blade is extra thick and extra wide for extreme durability

PART #	DESCRIPTION
Fi1700C	Saw With Scabbard (Combo)
Fi1700	Saw Only
Fi17S-B	Replacement Blade

Heavy Duty Machete

Long handle machete with heavy duty-blade

Spyder 
MANUFACTURING / USA

Features & Benefits

- 18" in length
- Heavy Duty
- Long Wood Handle

PART #47120

22" Machete

Long blade machete

Spyder 
MANUFACTURING / USA

Features & Benefits

- 22" in length
- Made in USA

PART #47103

Leg Straps

Long "stretchy" leg straps to hold saws in place

Features & Benefits

- 1.6" wide, 24" long
- Accomodate the following saws:
 - ZÜBAT
 - SUGOI
 - IBUKI

PART # 5060414

F-350 Tri-edge Hand Saw

Ergonomically designed handle and a razor-sharp cutting edge make this one of the finest saws available

Features & Benefits

- 13" razor tooth blade with Tri-edge teeth
- Comfortable rubber handle
- For scabbard use Weaver 0803010 or 0803011

PART # HS11

Turbocut

Ergonomically designed handle and a razor-sharp cutting edge make this one of the finest saws available

Features & Benefits

- 12" raker tooth Tri-edge blade
- Features wood chip relief gullets and a marine plywood handle
- Replacement blade: S17 & S18
- For scabbard use Weaver 0803010 or 0803011

PART # HS10

HS10 & HS11 Replacement Blades

Replacement blades for HS10 & HS11 saws only

Features & Benefits

- S17 — 12" Tri-edge design for HS10 ONLY
- S18 — 12" Tri-edge design with wood chip relief gullets, for HS10 ONLY
- S22 — 13" Tri-edge design for HS11 ONLY

PART #	DESCRIPTION
S17	12" Replacement Blade for HS10 ONLY
S18	12" Replacement Blade w/ Gullets for HS10 ONLY
S22	13" Replacement Blade for HS11 ONLY

Folding Saws

PocketBoy

Compact and lightweight folding saw that has extraordinary cutting capacity and fits in your pocket

Carrying case included

Features & Benefits

- 5-inch (130 mm) blade length, 8.5 medium teeth per inch (10 teeth per 30 mm) teeth configuration
- 11.42" overall length
- Features a rust-resistant, hard chrome-plated, taper-ground blade with impulse-hardened, non-set teeth
- 0.35 pounds (160 grams) operating weight; 0.5 pounds (220 grams) weight with carrying case
- Two open locking positions for in line or flush cutting
- Non-slip rubberized handle offers a sure grip, even for the most challenging projects
- Clear plastic flip-lock carrying case with belt clip is included
- Product applications include pruning & trimming, lawn & garden, hunting & outdoors
- Limited lifetime warranty against defects in material and workmanship

PART #	DESCRIPTION
34013	Complete Saw
34113	Replacement Blade

Pocketboy Promo Kit

Selection of Silky Pocketboy folding saws in retail packaging

Features & Benefits

- Kit contains:
 - 34013 — 5.1" Pocketboy in retail packaging (qty of 6)
 - 34617 — 6.7" Pocketboy in retail packaging (qty of 6)

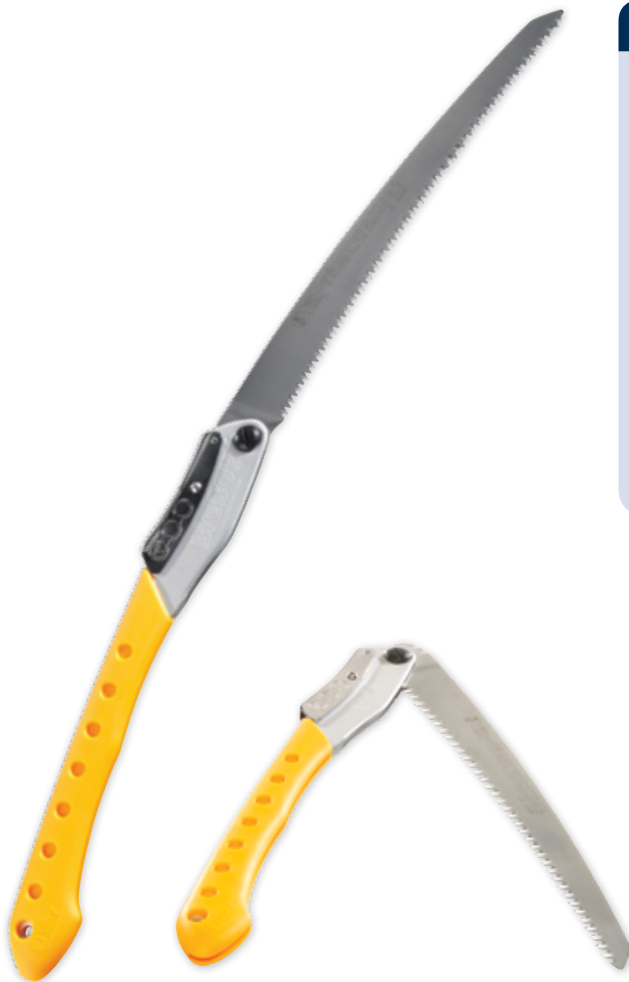

PART # PBROMOKIT

Folding Saws

Bigboy

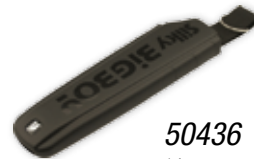

This saw offers woodworkers a larger cutting capacity, extended reach, and a longer stroke for faster cutting

Features & Benefits

- 14-1/5-inch (360 mm) blade length, 5.5 XL teeth per inch (6.5 teeth per 30 mm) teeth configuration
- Offers a larger cutting capacity, extended reach, and longer stroke for fast cutting
- Lightweight, 1.25lbs (570 grams) with a thicker and stronger aluminum handle and longer blade
- Comes in a blister pack
- Product applications include pruning & trimming, lawn & garden, construction
- Limited lifetime warranty against defects in material and workmanship
- Sheath (Part # 50436) sold separately

PART #	DESCRIPTION
35636	Complete Saw
35736	Replacement Blade
50436	Sheath for 35636

50436
Sold separately

Fanno Folding Saw

This saw is a must for every homeowner, commercial landscaper, deer hunter and camper

Features & Benefits

- Folding saw with Tri-edge cutting teeth
- This convenient folding style is great for all-around maintenance needs
- Compact enough for tool box or back pocket
- Easy grip plastic handle
- Safety lock closure
- Fi106 — 6" folding saw w/ Tri-edge teeth
- Fi107 — 7" folding saw w/ Tri-edge teeth

PART #	DESCRIPTION
Fi106	6" Folding Saw w/ Tri-edge Teeth
Fi107	7" Folding Saw w/ Tri-edge Teeth

Yoki

The ultimate tool to attack multiple vegetation types

YOKI

Features & Benefits

- 10.6" blade length, 2.75 mm thick
- Blade crafted from alloy steel
- Functions much the same way as a bush axe
- Durable and long lasting with a blade that can be resharpened
- Carrying case included

PART #	DESCRIPTION
57027	Complete Chopper and Carrying Case
57127	Replacement Blade

Ono

This small and compact chopper is perfect for clearing trails or cutting up small timber

ONO

Features & Benefits

- 4.7" blade length, 13.4" overall length 5.7mm blade thickness
- Blade constructed from alloy steel
- Small and compact, weighs 1.76 lbs
- Blade can be resharpened
- Carrying case included

PART #	DESCRIPTION
56810	Complete Saw with Carrying Case
56910	Replacement Blade

#14 Curved Saw Scabbards with Snaps

Handy snap on the front of these scabbards makes attachment of additional tools easy and convenient

0803010

Straight Back

Saw not included

Features & Benefits

- 2 1/4" top width, 1" bottom width, 14 1/2" front length, 19" back length
- Carefully handcrafted from black rubberized belting, these scabbards are designed for attachment to a positioning saddle
- Precisely and evenly lockstitched and riveted for maximum durability
- A 3/8" nylon washer at blade entry point helps protect saw and scabbard from wear
- Convenient dee on the back for easy attachment to work belt or saddle
- Large openings on side and bottom for easy cleanout
- 0803010 — Straight back style that fits the Fanno #4, #14 and #Fi1311 and Corona® #7010, #7120 and #7130 and Fred Marvin HS10 & HS11
- 0803011 — Curved back style that fits the Fanno #4, #14, #Fi-K1500 and #Fi1311 and Corona® #7010, #7120 and #7130
- Nickel plated snaps and dees

PART #	DESCRIPTION
0803010	Straight Back Style Constructed From Rubberized Belt Material
0803011	Curved Back Style Constructed From Rubberized Belt Material

0803011

Curved Back

Saw not included

Curved Saw Scabbards

Durably-constructed scabbards hold a wide range of larger saws

Features & Benefits

- Crafted from black rubberized belting with a snap hook
- A 3/8 nylon washer at blade entry point helps protect stitching, welt and saw teeth from wear
- Dee on back for easy attachment to work belt or saddle
- Handy, large openings on side and bottom for easy cleanout
- Nickel plated snaps and dees
- 080300125
 - 3 1/2" top width, 1 3/4" bottom width, 21 1/2" front length & 24" back length
 - Will hold the Fanno #20, Corona® #PS 4080, Bartlett mfg. #127 (22" and 24") and Bartlett mfg. #124 (24"), Seymour Smith #620 and similar saws
- 080300127
 - 4 1/4" top width, 2" bottom width, 24 3/4" front length & 27-3/4" back length
 - Will hold Fanno #22, #24, #K-24 & #Fi-2200, Corona® #RS 7160, Nicholson #14N, Bartlett mfg. #127 (26"), #114 (26") and #124 (26"), Seymour Smith #624 and others

PART #	DESCRIPTION
080300125	Rubberized Scabbard w/ Hook
080300127	Rubberized Scabbard w/ Hook

Pole Saw Scabbard

Protect pole saw teeth with this strap-on scabbard

Features & Benefits

- 2 3/4" top width, 1 1/4" bottom width 15 1/2" front length & 15 1/2" back length
- Constructed from black rubberized belting
- Nickel plated dee ring for securing scabbard
- Secures to blades with a 5/8" wide strap made from black top grain steer hide leather
- Will accommodate the Fanno #Fi-1125S-B, Seymour Smith #20-B, Bartlett mfg. #4402 and all Fred Marvin pole saws and features an 18" long strap with eight hole adjustments

PART #0803025

Leg Style #14 Curved Saw Scabbard

Leg straps give this scabbard versatility, convenience and comfort

Features & Benefits

- 2 1/4" top width, 1" bottom width, 14 1/2" front length & 19" back length
- Constructed from black rubberized belting
- Lockstitched and riveted for durability
- A 3/8" nylon washer at blade entry point helps protect saw and scabbard from wear
- Black 1" webbing leg straps feature ladder lock buckles for a non-slip secure fit
- A riveted burgundy latigo leather strap on the front of the scabbard enables leg straps to be placed in just the right position and provides stability
- Webbing backed with hook & loop closure at top of scabbard helps hold saw in place
- Will accommodate Fanno #4, #14 and #Fi-1311 and Corona® #7010, #7120 & #7130

PART #0803016

330 mm Curved Saw Scabbard

Designed to fit the Samurai and the Silky Zubat

Saw not included

Features & Benefits

- 2 1/8" top width, 1 3/4" bottom width, 14 5/8" front length & 18" back length
- Constructed from black rubberized belting
- Precisely and evenly lockstitched and riveted for durability
- A 3/8" nylon washer at blade entry point helps protect saw and scabbard from wear
- Convenient nickel plated dee on back for attachment to work belt or saddle
- Large openings on side and bottom for easy and convenient cleanout
- Fits the Samurai and Silky Zubat

PART #0803051

Long Handle Loppers

Long armed loppers with comfort grip handles

Features & Benefits

- ML24 — 24" aluminum vine lopper with a 1-3/4" cutting capacity
- ML28 — 28" aluminum vine lopper with a 1-3/4" cutting capacity
- ML32 — 32" aluminum vine lopper with a 1-3/4" cutting capacity

PART #	DESCRIPTION
ML24	24" Aluminum Vine Lopper

ML32	32" Aluminum Vine Lopper

ML32

ML28

ML24

Leyat Loppers

Leyat loppers are suitable for viticulture, arboriculture and gardening

Features & Benefits

- Suitable for viticulture, arboriculture & gardening
- PTFE coating (rust-free and sap-free)
- Sap groove with wire cutting notch
- SOL-N40 — Leyat 17.7", 28 oz loppers with a 1-1/4" cutting capacity
- SOL-N60 — Leyat 23.6", 34.5 oz loppers with a 1-1/2" cutting capacity

PART #	DESCRIPTION
SOL-N40	17.7" Leyat Loppers
SOL-N60	23.6" Leyat Loppers

Commercial Grade Professional Pruning Shear

The solid feel of these shears is due to the forged tool steel alloy construction

Features & Benefits

- 1" diameter cutting capacity
- Forged tool steel alloy construction
- Angled shear blades
- Commercial grade

PART #8015

FRED MARVIN 
Pole Pruners and Saws Since 1943

Commercial Grade All Purpose Pruning Shear

These commercial grade hand shears have a 1/2" diameter cutting capacity

Features & Benefits

- 1/2" diameter cutting capacity
- Forged construction
- Commercial grade

PART #8022

FRED MARVIN 
Pole Pruners and Saws Since 1943

Leyat Multi-Purpose Hand Shears

Leyat multipurpose hand shears for gardening with reinforced cutting head

Features & Benefits

- 1" cutting capacity, 8.5 oz weight, 8.5" length
- High-performance, general purpose shear for medium to large sized hands
- Ergonomic handles with integrated shock absorber for hand and wrist protection
- Constructed from forged aluminum to be lightweight, strong and sturdy
- Alloy steel cutting head
- PTFE coating keeps shears rust-free and sap-free
- Suitable for arboriculture, horticulture and wine growing
- Convenient retail packaging

PART # NL2

All Leyat shears come in convenient retail packaging

FRED MARVIN
Pole Pruners and Saws Since 1943

Leyat Multi-Purpose Hand Shears w/ Replaceable Anvil

Leyat multipurpose hand shears for gardening with reinforced cutting head

Features & Benefits

- 1" cutting capacity, 8.6 oz weight, 8.3" length
- Replaceable anvil
- Convenient for all types of pruning work
- Ergonomic handles with integrated shock absorber for hand and wrist protection
- Constructed from forged aluminum to be lightweight, strong and sturdy
- Alloy steel cutting head
- PTFE coating keeps shears rust-free and sap-free
- Suitable for arboriculture, horticulture and wine growing
- Convenient retail packaging

PART # NL11

FRED MARVIN
Pole Pruners and Saws Since 1943

Super Pro

Professional pruning shears with thin cutting head

Features & Benefits

- 1.2" cutting capacity, 9.1 ounces, 8.7" in length
- Professional pruner with thin cutting head
- Ergonomic handles with integrated shock absorber for hand and wrist protection
- Constructed from forged aluminum to be lightweight, strong and sturdy
- Alloy steel cutting head
- Suitable for medium to large sized hands
- PTFE coating keeps shears rust-free and sap-free
- Sap groove and wire cutting notch
- Three opening positions
- Convenient retail packaging

PART # SUPERPRO

FRED MARVIN 
Pole Pruners and Saws Since 1943

GLA Classic

Multipurpose pruner for gardening with very thin head

Features & Benefits

- 1" cutting capacity, 7.9 ounces, 8.5" in length
- Multipurpose pruner suitable for all hand sizes
- Three open positions
- Sap groove and wire cutting notch
- Alloy steel fine cutting head
- Ergonomic handles with integrated shock absorber for hand and wrist protection
- Constructed from forged aluminum to be lightweight, strong and sturdy
- PTFE coating keeps shears rust-free and sap-free
- Convenient retail packaging

PART # GLACLASSIC

FRED MARVIN 
Pole Pruners and Saws Since 1943

Phoenix

Professional hand pruner forged from high carbon tempered japanese steel

Features & Benefits

- Professional grade quality
- Blade and hook forged from High Carbon Tempered Japanese Steel
- Rounded steel handles with ergonomic grip
- Replacement V-Spring available for the Standard models

PART #	DESCRIPTION
40012	Red & White Hand Pruner
40013	Replacement Center Bolt Assembly
40014	Replacement Locking Device Assembly
40015	Red/White Spring

FRED MARVIN 
Pole Pruners and Saws Since 1943

Phoenix Bucket-O-Pruners

Bucket of 24 Phoenix hand pruners

Features & Benefits

- Bucket of 24 Red & White hand pruners (Part # 40012)
- Makes a great fast and simple display. Just put it on your counter and watch them sell.
