

## CABLE LAYER

### **SPECIFICATIONS:**

1/2" x 4" Trench  
5.5 H.P. Honda Engine  
2-4" Digging Depth  
Weight: 135 lbs.  
Unit Must be Pulled Backwards

### **PROCEDURE:**

- Before digging, call Utilities Services at 811.
- Unit is ideal for the burial of dog fence cable, TS cable, or telephone wire. May also be used to install plastic edging- with use of a different guard.
- Unit will not dig through driveways.
- A ramp can be provided at no charge.
- Unit is not self propelled.
- Check oil level each tank full.
- Check air filter every four hours of use.
- SHUTDOWN: Allow engine to idle down approximately 5 minutes to reduce engine heat from burning protective coating of oil in cylinder.
- Customer will be charged for any clean up and damage due to neglect.
