

# Z700 Series

# Features

Z723 - Z724 - Z725 - Z724X - Z726X

## Outstanding Stability

The Z700 Series combines strength and stability with powerful transmissions, terrain hugging, wide-stance rear tires and heavy components positioned under the seat for the low center of gravity.

## New Mower Deck

Each model features a 6" deep, fully welded, 7 gauge steel 48, 54, or 60 inch mowing deck, providing outstanding stability with a fast, high quality cut.

## Ergonomic Instrument Panel

The ergonomically designed, easy-to-view instrument and indicator panel gives you convenient access to everything in your work station with ease.

## Hands-Free Parking Break

Located right above the foot pan, the parking brake can be easily locked and released with just your foot.

## Quick Dial Height Adjustment System

This easy two-step system lets you adjust the cutting height with a turn of a dial and press of the pedal. Release the pedal once the height is set.

Z723 - Z724 - Z725 - Z724X - Z726X

## Sliding Deluxe Seat

The operator's seat offers a thick cushioned, 19.6 in. high seatback, adjustable armrests, and slide adjustment, giving you the ideal seating position to make your work easier.

## Smooth Lever Operation

The smooth steering provides optimum control and drive-ability with adjustable damper force.

## Adjustable Levers & Mower Deck Lift Pedal

The levers and lift pedal can be raised or lowered to better match the physique of the operator, making work less stressful.

## Wide Operator Platform

The wide and angled operator platform offers ample legroom so you can work more comfortably.

## Handy Storage Box and Cup Holder

Keep beverages, tools and valuables close at hand with the storage box and cup holder located next to the seat.

Z723 - Z724 - Z725 - Z724X - Z726X

## Easy Maintenance

The open engine compartment allows access to vital components around the engine without obstructions.

## Easy Battery Access

The battery and harness parts can be accessed just by raising the seat panel.

## Transmission with Integrated Pump and Motor

The Z700 Series is equipped with dual Parker ® transmissions. Designed for easy maintenance, each transmission has an integrated pump and motor for increased efficiency and simplified service. Also, each transmission has a separate oil supply for increased durability. And parts such as the drive link and brake rods are positioned for easy maintenance.

\*Parker ® is a registered trademark of Parker Hannifin Corporation

## Commercial Grade Engines

The Z700 Series mowers are powered by KAWASAKI® FX and KOHLER® Command PRO engines, renowned for their superior performance and lasting durability.

## Thicker and More Durable Main Frame

The 2 x 3-in. tubular steel frame provides the durability turf care professionals demand.

## Sealed Spindle Bearing

Maximize time on the job with sealed, greaseless, spindle bearings.

## Foldable ROPS

Foldable ROPS are standard equipment on all models to ensure operator safety on the job at all times.

## Quick Attach and Detach

The mower deck can be easily attached and detached just by inserting or removing the two pins on either side of the Z700.

## Flat-Free Front Tires

Flat-free caster tires are designed to better absorb impacts on the job, and reduce the worry of downtime, so you can work with confidence.

## Easy Mower Belt Replacement

The mower deck's belt drive is conveniently located for easy access simplifying belt replacement and inspection.
