The SoClean is an automated CPAP equipment cleaner and sanitizer. With the SoClean, you can sanitize and disinfect your CPAP mask, hose and reservoir without needing to take any pieces apart every day. The machine does not require water or any messy chemicals. Your equipment remains completely dry.

The SoClean makes it easy for CPAP users to safely and naturally clean and sanitize their equipment, effectively removing 99.9% of CPAP mold, bacteria and viruses. This ensures that the CPAP machine is functioning properly and that users aren't breathing in harmful pollutants.
