

It's wet, but not June 2012 wet....new bunkers and cart paths are huge & playable at your RCC, but we're watching the radar the rest of today. League still on as scheduled, until further....

New **Directories** have been printed for 2017, and are available in the Grillroom next time at the Club. Ask the bartender for your copy, or just grab one off the tables.

Keep your carts under control at all times, treat our hills with caution, wet paths can increase the danger, and please remain on the paths at all times. Thank you for keeping it safe for you & passenger always!

The **Arrowhead's, Men's & Women's, need you!** Either through your participation, a prize donation to the Ladies Arrowhead, an invitation to a guest that may stay with you for the week, or just having your firm support as a spectator. We're showing off the Club, the Course, the service & food, and want to maximize our exposure. If you know of anyone on the fence, forward along this email, give 'em a nudge, and we'll make it a great week for all the Ladies & Gentlemen interested in testing their mettle at RCC! The **91st Mens Arrowhead and the 69th Women's Arrowhead** appreciates your assistance! Thank you for considering!
