

Install Instructions for Quick-Cross 2023

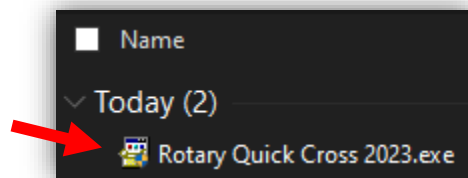

Before starting the installation, verify the following:

- The available Disk Space on the PC is at least 2 GB
- A High Speed Internet Connection is available
- If Quick-Cross 2013 or later is installed, proceed with the install.
- If Quick-Cross 2012 or earlier is installed, uninstall the previous version before proceeding.
- Quick-Cross will not work on Apple Devices

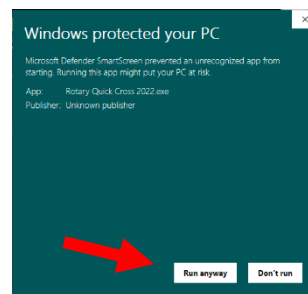

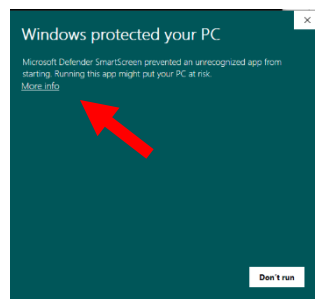

1. Go to the following link and download the Quick-Cross installation program. (This may take several minutes.)

https://drive.google.com/file/d/1BiNZTsRznZRpYnljldn0_grfrdvtc_Q/view?usp=sharing

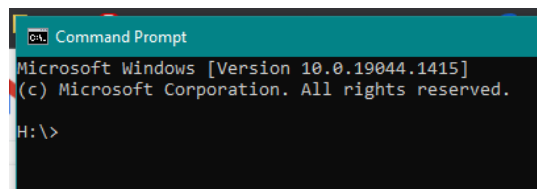

2. Go to your Downloads folder on your computer. Double click on the file.

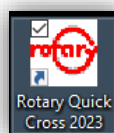

3. Choose 'More Info'. Then Select 'Run Anyway'.

4. A Command Prompt screen may show up on your desktop. DO NOT close it. It will close itself once all the parts and photos are loaded to your PC.

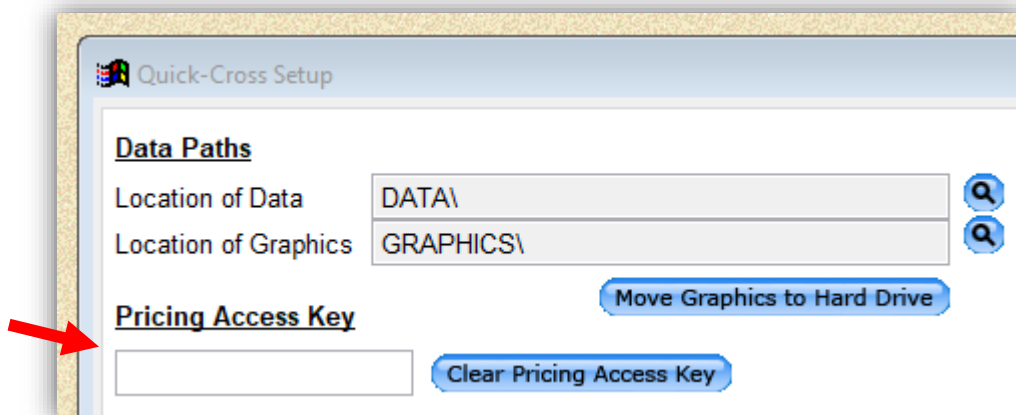

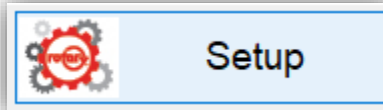

5. The shortcut will appear on your desktop. Double click to open it.

6. Once Quick-Cross opens, it should say Rotary Quick-Cross 23 at the top.

7. Select Setup and enter your Pricing Access Key in the box. You can get this key by calling **Customer Service at 1-800-841-3989 Monday thru Friday from 8 am to 5 pm EST** or by **contacting your Rotary Sales Rep**. The Pricing Access Key is date specific and can only be used on the date that it is issued. It is recommended to get a new price key even if the system states it is using the old one.

8. Select the X in the top right to save the key. It will tell you your price level is now active. Select OK.
