COULD BE SO EASY?

MEDICAL CENTER PHARMACY

Failing to take all of prescribed medications (non-compliance) is a problem facing millions of Americans every day. An estimated 10 – 25% of all hospital and nursing home admissions are due to non-compliance. For the 50 million Americans who have chronic hypertension, non-compliance can result in heart attack, kidney damage, or stroke.

If you, or a loved one are at risk of confusing or forgetting the amounts of medications to be taken every day, then Medical Center Pharmacy has the solution you need.

Medical Center Pharmacy offers specialty packaging that takes the guess work out of taking medications. Our simple solution allows people to get the maximum benefit from their medications.

The simple, safe solution

FOR PEOPLE ON MULTIPLE MEDICATIONS
