Dear Storage Customer,

Thank you for choosing Gerard's Waters Edge Marina for all of your boating needs and storing with us in the past years. We hope that you are currently enjoying your 2017 boating season.

Although we are sad to see the season end, winter is coming and winter storage along with it!

Enclosed please find your 2017-2018 winter storage contract along with a storage pricing & service form. Due to increases in storage demand, a \$500 deposit will be required by September 15th 2017 to hold your place in our facility. If you are unsure of which services you need, please contact the office for service history and recommendations. For example, water pumps should be done every 4 years, bellows and flappers should be done every 5 years, fluids and filters are recommended every year. Have scratches, dents, dings or other outside damages? Let us know prior to storage so we can have those damages assisted for gel coat &/or fiber glass repairs!

Important Items to Take Note:

- **A \$500.00 Deposit is due September 15th, 2017 to ensure storage**
- **All previous balances must be paid in full prior to storage**
- **Storage contract must be returned signed**
- **All storage contracts must be accompanied by the service form filled out completely and accurately**
- **Credit card payments for dockage & storage are subject to a 3% surcharge**

As an added service, we build, repair and store docks, jet ports, boat/ PWC lifts and swim platforms. If you wish to have your dock disconnected, stored and/or repaired please request those services well in advanced. The cost varies on dock storage so please contact us at the office for a quote. We can fit all of your storage needs and have your dock reconnected and delivered along with your boat in one simple step come spring. As the season length fluctuates, we may take your dock as early as September on request or as late as November.

Looking for docking products for next season? Let us know this year if you are interested in boat/PWC lifts, canopies, shore ports, or dock systems. Shore Master offers full lines of customizable dock and lift options or we can custom build in-house. Contact the office for more information!

*** Perhaps it is time for an upgrade. Inquire regarding purchasing or trading in your current boat for a new 2017 or 2018 Tigè Wake Sports Boat, South Bay Pontoon or Four Winns and save big on storage this year! ***

In an effort to keep our files current, we ask that you please carefully review your information on your contract and make any corrections as needed. Please provide an email address so we may contact you electronically if needed. **Please be sure to return your 2017-2018 storage contract signed.**

As always we appreciate your continued business. If you have any questions, please feel free to contact Garret or Riley at the office.

Sincerely,
Gerard & Krista
