PT-35 Power Trim and Tilt

- Motors to 35hp
- for clamp/bolt on motors
- 5-1/2" setback
- Weighs only 24 lbs
- Motor width must not exceed 10"
- 84° total trim and tilt

Mfg #52100

Order No. 10100^{TW} \$759.99

Marine

Atlas Micro Jacker

The smallest lightest hydraulic jack on the market!

- Lifts in 8-seconds
- Lightweight only 23 pounds
- Self contained hydraulics
- Max OB weight 425 lbs
- Max HP 115
- 4" set back
- Optional clampon motor adapter
- Can not be used on a Honda 115HP

Mfg #AHJM-4-DP

Order No. 57244^{TW} \$999.99

Marine

Atlas Hydraulic Jack Plate

Is built for the heaviest and most powerful V6 engines of today!

- Self contained hydraulic pump system
- Top to bottom in 8 seconds
- Rod and slot lifting design
- Installs in half the time of comparable jack plates
- Can be used for most OB to 350 HP

Mfg #AHJ-6V-DP

Order No. 57246^{TW} \$1469.99

Outboard Motor Lock
Mounts on most outboard motors. Coated with a long lasting black powder coat.

Mfg #OML-0127

Order No. 22750 \$49.99**PANTHER**

Outboard Motor Lock
• Heavy carbon steel design
• Fits turnbuckle mounted engines
• Recessed solid brass lock
• Noise dampeners reduce rattle

Mfg #75-8000

Order No. 26398 \$29.49**attwood**

Safety Cable
Prevents loss of small outboard engines. Clear vinyl coated heavy duty steel cable. 3/32" diameter x 50" long.

Mfg # 11664-3

Order No. 09420 \$17.99**Outboard Lock**

Lock design features a free spinning collar that will turn if attacked by gripping tools without loosening the lock. Tough hardened stainless steel construction.

ProTroller Series

Two products in one

ProTrollers incorporate the ability to transform SmartTabs into trolling brakes with a flip of the lever handle. Move the handle up or down to switch between the most effective trim tabs in the market to the most effective trolling brake available.

In the vertical position the plates create equal braking on both sides of the boat. This not only reduces trolling speed by up to 35% but allows the boat to track straight even at the ultra low speed. Additionally steering control is not lost because the propeller is not restricted. The ProTroller series is a serious plus for Walleye fishermen.

Mfg #	Description	Boat	Order No.	Retail
SXPT9510-40-BL	9.5"x10" plates/40# actuators	14'-17'	44413T	\$219.99
SXPT9510-60-BL	9.5"x10" plates/60# actuators	16'-18'	44414T	219.99

As the boat speed increases, the water pressure also increases. Once the water pressure exceeds the actuator load rating the trim plates begin to move upward until they are horizontal with the bottom of the boat.

"Smart Tabs" SX

Incorporates all the features of original Smart Tabs! Also provides durability with the no maintenance thermo molded co-polymer composite design. Tracking Ribs have been added to improve handling at higher speeds.

Mfg #	Description	Boat	Order No.	Retail
SX9510-40-BL	9.5"x10" plates/40# actuators	14'-16'	44410T	\$169.99

BOLT1212	12x12 Trim Plane kit	08162T	625.99

SPECIAL ORDER

Trim Tab Kits

Decrease the time in "Transition mode" between displacement and planing. Reduce fuel consumption, laboring engines, hull stress, wake and pounding. Eliminate squatting, listing, and porpoising. Increase speed and improve visibility and handling.

Maximum efficiency is obtained by using the longest span planes possible. The planes are secured to the trailing edge of the bottom. Measure the hull from centerline to the chine or turn of the bilge, and select the longest span planes that can be used (allowing 3"-4" of leeway).

****TRIM TABS are Special Order****

Chord Span	Hull Length	Order No.	Retail
9" 12"	15'-24'	08151_T	\$649.99
9" 18"	18'-24'	08153_T	754.99
9" 24"	20'-26'	08155_T	784.99
9" 30"	25'-30'	08157_T	824.99

Span - Inboard to outboard measurement

Chord - Fore to aft measurement

Trim plane sets **DO NOT** come with a control you **MUST** order a control when you order your trim tabs.

Sport Tab System

Ideal for trailered boats in the 17'-23' range. Their unique bat wing design provides 30% more lift than conventional trim tabs and their space saving design ensures easy installation on virtually any transom.

Mfg #	Hull	Order No.	Retail
M80	10" Tab 17' - 20' Hull	08182_T	\$764.99
M120	12" Tab 20' - 23' Hull	08183_T	819.99

Nothing mounts inside the boat!!

Self Leveling Tab System

You can plane at lower speeds, improve hole shot & eliminate porpoising. The SLT reacts instantly to boat speed and water pressure by adding trim when needed.

Mfg #	Hull	Order No.	Retail
SLT6	8" Tab 10' - 14' Hull	08180_T	\$139.99

Pontoon Kicker Motor Mount Kit

Our Pontoon Kicker Motor Bracket Kit makes what has long been a difficult installation a breeze. The kit contains the new Adapter Bracket (55-0060) plus the new Swim Platform Bracket (55-0030) with all mounting hardware included. The Adapter Bracket mounts to the pontoon frame rails. Pontoon boats become more popular every year, and we receive many requests for a solution to mount a kicker motor for trolling or backup. Rated for auxiliary motors up to 20 HP.

Mfg #55-0065

Order No. 56903_{TW} \$429.99

FEATURES: • Electronic throttle control • Precision throttle control • Momentary full throttle burst control • 25' cable • Water resistant control • Easy installation • Works with all Panther electro steer units

TrollMaster Pro
Control boat speed with a dial that aids in recreating exact speeds with the idle function.

TrollMaster Pro2: *(Limited Availability)*
Adds 10 times the micro speed control adjustments. Allows for momentary bursts of full throttle speed for adjusting your heading.

It's Perfectly Clear...

iTroll G2 is the most advanced throttle controller ever created!

iTroll - Precision Speed Controller

- Fully water proof design
- 1000 Throttle positions
- Secondary cruising speed
- Remote idle/Run switch capability
- Neutral safety capabilities
- 32 Character Illuminted display
- "Last Idle" Recall
- Drag Mode
- Industry leading safety features
- TWO Year Warranty
