TOTAL CONTROL, FROM YOUR SEAT

The Sureshade Power Bimini comes in a variety of widths up to 12'. Custom widths over 12' are also available. A software-based synchronization controller controls the motion. Designed to sustain a maximum wind speed of 50 mph.

PROTECTION ON-THE-GO

From sunrise to sunset, you can easily adjust your top to get that perfect amount of shade and protection for yourself and your boating guests, all day long.

BOAT WITH EFFICIENCY

Operating your top with a single button means your boat can take on bridges, low structures, and covered boat lifts like a pro, without wasting time manually maneuvering your canopy.

STORAGE MADE EASY

With this canopy, nighttime docking is a breeze. Simply drop your top back, zip it up in its designated boot, and call it a day.

Powered by two heavy-duty 12VDC actuators.

Designed with a high-quality, marine grade canvas top.

30%

Provides 30% more coverage than standard bimini tops.

Built tough with durable, anodized aluminum alloy framing.

Includes locking, zippered pockets & boot for easy canvas storage.

Telescoping frame adjusts to fit boats from 92" to 102" wide.

Bimini Boatops

Frames are bright dip anozied aluminum that come with marine grade nylon hardware. Choose the desired color of the fabric. The Ultima urethane coated polyester fabric is treated for water repellency and mildew resistance to withstand the harsh marine environment. Zippered storage boots provide a convenient way to keep the top clean and neat while being stored. All boots feature full length separating zippers for an easy on and off.

- #1 Choose the size of the bimini frame**
