

CLEAN MARINE POLICY

Hamer Bay Marine Member Pledge

As a tenant of Hamer Bay Marine, I, _____ confirm that I have read, that I am familiar with and that I fully agree with the intent of Hamer Bay Marine's Clean Marine Policy listed below. I am aware that Hamer Bay Marine has adopted Clean Marine Practices throughout the facility. I will make every effort to comply with those practices and assist the marina in protecting our natural environment.

As a tenant of Hamer Bay Marine, I commit my guests, my crew and myself:

1. To keep all refuse and garbage of any kind on board the boat until we are able to place it in the waste containers on shore.
2. To separate all recyclables and place them in the appropriate containers.
3. To separate hazardous wastes, including used oils and antifreeze, unwanted paints, solvents and cleaners, batteries and old unusable fuel and give them to the marina to dispose of them in accordance with marina guidelines or else take all such wastes to the municipal household hazardous waste collection site.
4. To take all necessary steps to avoid spilling fuel (fuelling at an undesignated dock is prohibited), oil or any chemicals or cleaners whatsoever into the water and refrain from pumping oil-contaminated bilge water overboard.
5. Repair work can only be carried out in designated areas only, taking all precautions required by the marina to avoid leaving any debris, litter, solid or liquid contaminants on the ground.
6. Sanding, scraping and painting can only be done by marina staff.
7. To never discharge raw sewage from the black-water holding tanks to anywhere other than an approved pump-out facility.
8. To avoid pumping grey water overboard while docked in the marina and to use the onshore washroom facilities whenever practical.
9. To conserve water by using an automatic shutoff nozzle when filling or washing the boat.
10. To use environmentally-friendly products (such as Ecologo Products) whenever and wherever possible.
11. To operate the boat in a safe and considerate manner at all times, to operate the engines only when necessary and to avoid creating a wake when entering and leaving the marina.
12. To always show respect for the environment and for the fish, birds and animals and all other creatures that share it with us.
13. To promote Clean Marine practices at all times.
