

Step 1 - Contact Dr. and obtain 2 prescriptions

-Driver Evaluation

-Installation of hand controls and repairs as needed

These can be faxed to 501-312-1100 Attn: Mandy Carmack

Step 2- Contact John Johnston@ BRI 501-202-7120 and schedule the Driver Evaluation. The Prescription for the Driver's Evaluation can be faxed to 501-202-7007.

Step 3- Once the driver Evaluation is completed call ASI and schedule the installation. It will take about 3 hours. Be sure and specify if you want CT-100 twist grip rotary hand controls or CP-200 right angle hand controls. When you come to your appointment you will need the following:

-Prescription

-Driver Evaluation

-Copy of Drivers License or I can copy it while you are here.

If you have questions or need additional information you can contact me at 501-312-1000 or mandy@asilr.com.

CT-100 \$675.00 + \$300.00 labor = \$975.00

CP-200 \$750.00 + \$300.00 labor = \$1050.00

Thank you,

Mandy Carmack
