## Your 10 Best Reasons To Choose A

**Customer Satisfaction Is Our Top Priority** 

- Exceptional Customer Experience
- Stronger, more durable, longer lasting trailer
- Superior towing capabilities
- Outstanding quality and value in every trailer
- Better safety and security
- 24/7 Emergency roadside assistance\*
- 5 YEAR WARRANTY on our tires
- LIFETIME WARRANTY on all LED lights
- 1 Year factory warranty backed by the strength of Forest River Inc.

 SuperLock .030 panels all interlock together. Provides a more secure connection.

 Each SuperLock interlocking panel is also glued and mechanically fastened (Unexposed to view) to the

upright posts for additional strength and integrity.

 Our adhesive expands and contracts in temperature extremes to resist cracking and delaminating.

Avoid Popped Or Delaminated Seams

**Superior Towing** 

**Capabilites** 

- Advanced automotive foam tape seal provides an impassable barrier to dirt and the elements.
- Your trailer will stay drier and cleaner. A metal lip on the jamb presses into the foam tape which blocks dirt and road grime.

**EMERGENCY** ROAD SIDE SERVICE ON OUR TIRES\* 5 YEAR TIRE WARR NOEXCUSES

- Trailer tongue is integrated into the frame for increased strength and better towing.
- We use only high performance radial tires for better tracking, longer life and overall better performance.

**Greater Interior Protection** 

## **Rust & Corrosion Are** A Thing Of The Past

- Our SuperLock .030 interlocking, aluminum exterior system has fewer exposed screws to rust or stain the outside of your trailer. Looks great longer!
- Three part paint system and phosphate bath on frame and exposed metal keeps rust away longer.
- Silver powder coated wheels resist unsightly rust- stay looking great.
- Every chassis is fully Z-Tech undercoated for additional rust resistance and superior protection.

 Better visibility with LED lights -interior and exterior- with a LIFETIME warranty gives you greater Confidence while towing or loading.

 Hinge covers on all doors provide extra security and confidence.

 Our exclusive high-performance tires ship inflated with nitrogen for more reliable pressure with less risk of blowout and tire damage due to oxidization common in standard air filled tires. Go further with greater safety and confidence.

**Increased Safety And Security** 

**Your Trailer Stays Looking Great Longer** 

- Sand Pads for tongue jack (shipped loose).
- Rugged, long lasting, aluminum door holdbacks, not the cheap plastic ones that break easily.

LIFETIME WARRANTY ON LED LIGHTS, 5 YEARS ON TIRES US CARGO MAKES CHOOSING EASY!

- SuperLock interlocking, aluminum exterior system resists rust and corrosion, keeps it's great looks!
- Every trailer is protected with our 3 part paint system and fully Z-Tech undercoated.
- Silver powder coated wheels stay rust free.

**Exceptional Owner** 

## US Cargo Trailers Are Stronger, More Durable

- Tubular and I-beam construction for a much stronger frame.
- 3" Aluminum top and bottom trim provides greater strength and protection.
- Tubular roof bows which are much stronger instead of the u-channel on other brands.
- DryMax engineered interior sidewalls and flooring. High performance material is denser, stronger and stiffer than plywood. Won't warp,

**Experience** 

• Integrated tongue gives extra strength to the frame.

swell or delaminate.

Top quality materials and components.

- A commitment to excellence and innovation.
- Robust quality control inspections at vital points of the production line.
- At US Cargo we thoroughly analyze our

product at our weekly quality meetings. continually making improvements and upgrades to ensure that you can expect the highest possible quality, value and satisfaction from every US Cargo trailer we build.

**Quality And Value In Every Trailer** 

\* The 24/7 emergency roadside assistance program on our steel belted tires requires you to have an available spare with you at time of service.
