Climbers

PRODUCT ESSENTIALS

**Petzl Vertex Vent**

Designed for maximum comfort, customization, and durability. The five ventilation holes can be quickly opened and closed with sliding shutters to meet changing climate conditions. The polycarbonate shell is lightweight (16.4 oz) yet strong enough to meet applicable industry and mountaineering standards for impact and wear resistance. The simple three-way adjustment system ensures a perfect fit for any wearer.

B1ABA02R**Petzl Caritool**

This accessory connector is perfect for connecting your tools to your saddle. It positions your accessories at a 90 degree angle to your saddle so you know exactly where they will be at all times. Not to be used for life-support.

B1ABP42*BuckLite
Titanium
Climbers**Buckingham
Steel Climbers***BuckLite Titanium Climbers**

Buckingham has been making climbers since 1896 and this climber is the result of 115 years of dedication. They are the lightest climber yet strongest climber from Buckingham - they are rated to 350 lbs. per pair. They are available with 3-1/2" permanent or 2-3/4" replaceable tree gaffs (replacement tree and 1-3/4" pole gaffs sold separately). All our Buckingham climbers have a contoured shank for ankle relief and comfort and straight stirrups. Sleeves adjust from 16-1/4" to 18-3/4". They are available as a complete set or just the irons (without straps and pads) so you can build your perfect climber. Replacement parts also available.

Klein Climbers

Klein manufactures rugged and durable tree climbers that incorporate all of the features that professional users have found most desirable over the years. These adjustable climbers have contoured leg irons that help position the gaffs securely along with adjustable steel sleeves for maximum fit. All Klein climbers come with 2-3/4" replaceable tree gaffs (1-1/2" pole gaffs sold separately). Sleeves on the AR model adjust from 15" - 19" and sleeves on the AL model adjust from 17" - 21". Replacement parts also available.

B1AB1907AR	Complete set with 2-3/4" replaceable gaffs (standard sleeve)
B1AB1907AL	Complete set with 2-3/4" replaceable gaffs (long sleeve)

Climb Right Aluminum Climbers

Climb Right's new CTB Quick Change™ Climbers are the latest in the series of aluminum climbers. These climbers match a molded aluminum stirrup with an aerospace quality aluminum upright. These pieces are then tempered to T6 hardness for strength and anodized for added wear resistance. Sleeves adjust from 15-3/4" to 18-3/4". They are available as a complete set or without straps and pads so you can build your perfect climber. Replacement parts also available.

B1AB91224	Complete set with replaceable tree gaffs
B1AB91220	Climbers only with replaceable tree gaffs

REGULATION

OSHA regulation part 1910.268(G)(3)(i) requires that gaffs be covered when climbers are not in use.

PRODUCT ESSENTIALS

Wire Core Flipline Kit

Our wire core lanyards have a bright, tightly braided 16-strand polyester cover over flexible heavy-duty galvanized aircraft cable. Our kits include the flipline, auto-locking swivel-snap, rope clamp, and carabiner. The kits are available in 1/2' diameters and lengths of 8', 10', and 12'. These are absolute must-have accessories for any tree climber.
