

ThermoLite[®] Solar Panels

The perfect solution for preventing battery issues and reducing generator runtime.

BENEFITS INCLUDE:

- Perfect solution for long-term battery maintenance
- Keep electronics powered up without generator runtime (inverter, refrigerator, heater, telematics)
- High-efficiency solar cells use latest technology to produce abundant power, even in low light conditions
- Flexible, adhesive backing allows for a quick, efficient installation
- Chemical cleaning and pressure wash compatible
- Available in 100-400W sizes

RAPID ROI

- Say goodbye to road calls and jump starts
- Guaranteed fresh batteries when taking ownership
- Walk away from the vehicle for weeks and come back to fully-charged batteries
- Double or triple current battery life
- Reduced generator runtime
- Eligible for 30% federal tax credit

SUPERIOR DURABILITY

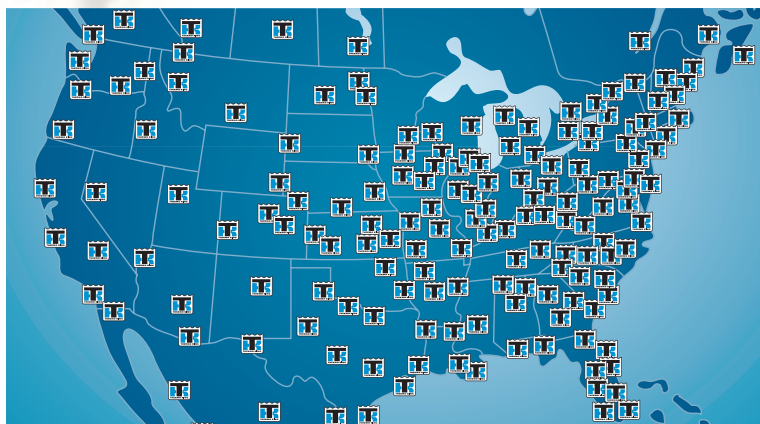

- Designed to withstand the toughest conditions in the business
- Weatherproof construction for extreme durability and long life
- Waterproof connections and full SAE-rated componentry
- Hail and tree limb impact resistant flexible polymer construction
- 20+ year expected product life
- 4 year full system warranty

ThermoLite CHARGE CONTROLLER

THE BRAINS OF THE SYSTEM:

- Critical to proper battery charging and system reliability
- Smart, three-stage charging technology via DC-DC converter
- Completely sealed against the environment
- Rugged automotive-rated circuit design
- Regulates both voltage and current to keep batteries from overcharging
- Designed to support AGM and flooded batteries
