

ThermoLite[®] Solar Panels for Step Vans

The perfect solution for preventing costly battery issues.

BENEFITS INCLUDE:

- Ideal for long term battery maintenance and support of parasitic loads
- Greatly extends battery life and prevents costly jump starts
- High-efficiency solar cells use latest technology to produce abundant power, even in low light conditions
- Flexible with adhesive backing allows for a quick, efficient installation
- Chemical cleaning and pressure wash compatible

SUPERIOR DURABILITY

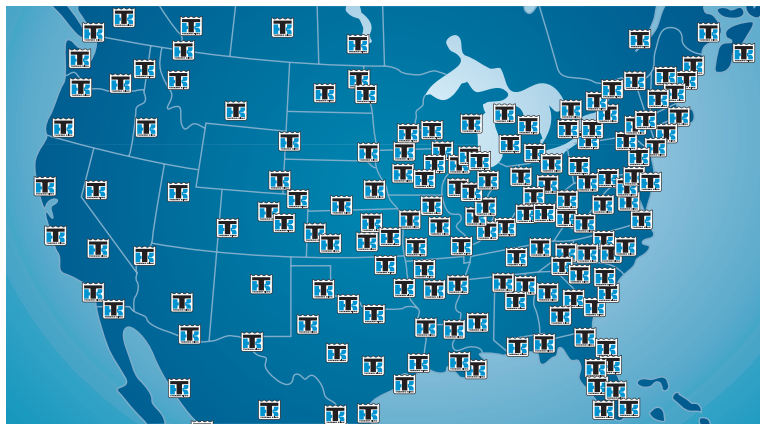

- Designed to withstand the toughest environmental conditions
- Weatherproof construction for extreme durability and long life
- Waterproof connections and full SAE-rated componentry
- Hail and tree limb impact resistant flexible polymer construction
- 20+ year expected product life
- 5 year full system warranty

ThermoLite CHARGE CONTROLLER

THE BRAINS OF THE SYSTEM:

- Critical to proper battery charging and system reliability
- Smart, three-stage charging technology via DC-DC converter
- Completely sealed against the environment
- Rugged automotive-rated circuit design
- Regulates both voltage and current to keep batteries from overcharging
- Designed to support AGM and flooded batteries
