

ThermoLite[®] Solar Panels for Boats

The clean, affordable battery charging solution that keeps your boat ready to go.

NOW YOUR BATTERIES WILL ENJOY THE SUN AS MUCH AS YOU DO WITH A ThermoLite SOLAR PANEL!

- Ideal for long-term battery maintenance
- Greatly extends battery life and prevents the need to jump start
- Highest efficiency solar cells use latest technology to produce abundant power, even in low light conditions
- Flexible, adhesive backing allows for quick and efficient installation
- Chemical cleaning and pressure wash compatible
- 12V to 48V system charging compatibility
- Eligible for 30% federal tax credit

SUPERIOR DURABILITY

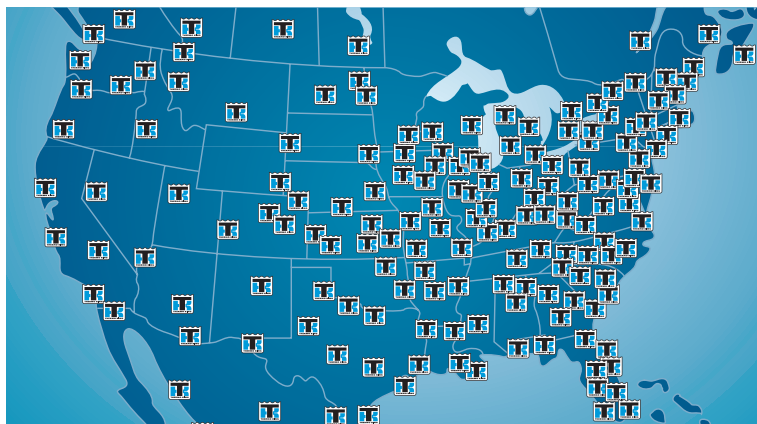

- Designed to withstand the toughest conditions on the water
- Weatherproof construction for extreme durability and long life
- Waterproof connections and full SAE-rated componentry
- Flexible polymer construction resists damage from hail
- 20+ expected year product life
- 5-year full system warranty

ThermoLite CHARGE CONTROLLER

THE BRAINS OF THE SYSTEM:

- Critical to proper battery charging and system reliability
- Smart, three-stage charging technology via DC-DC converter
- Completely sealed against the environment
- Rugged automotive-rated circuit design
- Regulates both voltage and current to keep batteries from overcharging
- Designed to support AGM and flooded batteries
