

Honda Protection Plan

Motorcycles & Scooters 1-Year Warranty

Includes selected Cruisers, Sportbikes and Scooters

- **Nationwide Coverage**
Covered repairs may be performed at any authorized Honda Motorcycle/ATV Dealership within the United States, including Hawaii and Alaska.
- **No Mileage Limitation**
No need to watch your odometer. Coverage will not expire at any pre-set mileage limit.
- **No Deductible**
Not one penny will come out of your pocket to pay for repairs covered by HondaCare®.
- **Transferable**
Coverage is transferable to the next owner of your vehicle at no additional cost.
- **Genuine Honda Protection**
Repairs are performed by Honda Trained Technicians who use only Honda Genuine Parts™ to return your vehicle to the level of performance you experienced before the problem occurred.
- **Extent of Coverage**
A Honda Protection Plan covers you for mechanical failures as a result of defects in materials or factory workmanship, with no additional out-of-pocket costs. Coverage is virtually the same as the Honda Limited Warranty coverage you get with a new Honda; however, tires, batteries, audio equipment and accessories are not covered. Every Honda Protection Plan is good across the country, and replacements are always made with Honda Genuine Parts.
- **Deadline**
HondaCare Protection can prolong genuine Honda coverage, but it's only available while your new-vehicle warranty is still in effect. Check your paperwork carefully, because when your warranty expires, so does this offer.
- **Models Covered**
Honda Protection Plan coverage is available for select new Honda motorcycles (excludes racing competition models*) and new Scooters that are still under factory warranty. Honda Protection Plans are also available for Certified Pre-Owned vehicles that are obtained from your Honda Dealer's inventory. The maximum term length for pre-owned models is 24 months.
- **Honda Roadside Assistance**
Roadside Assistance is available from your authorized Honda Dealer. You can purchase up to 60 months on your Honda on-road motorcycle and scooter. Roadside assistance provides the following:
 - Towing to nearest Honda dealer regardless of mileage
 - Towing to any Honda dealer or your home within 30 miles of breakdown
 - Coverage in United States, Canada & Mexico

- Locksmith & Extrication assistance
 - Fluid delivery (up to 2 gallons)
 - Coverage for a total of 4 service incidents per year
 - Over 45,000 service providers
- **Simple to Obtain**
HondaCare Protection is available at authorized Honda Dealerships nationwide. See your local Honda Dealer for a more detailed description of features, benefits and pricing for your vehicle.

*Honda Protection Plans are not available for RS, CR, CRF-R and CRF-X models.
