

It's Friday late afternoon and your physician just gave clearance to Case Management to arrange your discharge for early Saturday. Who can you call for help?

PromptCare Home Infusion Services

PromptCare[®]. Support at Your Patients' Fingertips When it Matters Most.

“PromptCare is great at recognizing the subtleties of my patient’s health and making recommendations for change. They’re also reliable – they’re there when I need them and they make my job easier.”

— Transplant Coordinator, New Jersey

PromptCare® Home Infusion provides a full range of home infusion therapy and support programs for both pediatric and adult patients throughout New Jersey, New York and Pennsylvania. Our expert clinical and dedicated customer-relationship professionals help with insurance verification, deliver unmatched levels of transitional care and provide 24/7 access to pharmacy and nursing services for your most medically complex home-based patients.

Our home infusion services include:

- Total Parenteral Nutrition (TPN) & Enteral Nutrition
- Antibiotic, Antiviral, Antifungal therapies
- Immune Globulin (IVIG)
- Inotropic Therapies
- Pain Management

Our clinical support services include:

- Ongoing pharmacist and clinician consultation and follow-up with patients and physicians
- Development of a customized plan of care
- Monitoring lab test reports
- Development of specialized TPN formulations
- Use of a primary nursing model
- Individualized instruction on the administration of medication and follow-up care
- Midline or PICC line placement by certified nurses
- Access to specialty programs including Cardiac, Nutrition and Immune Globulin
