

Mechanical Controls

Mechanical Control Boxes

Classic style and function combined with Yamaha's high standards. The perfect line up of control boxes for mechanical controlled engines.

704 Premium Control Boxes

Top-mount binnacle control with a sleek, rounded look that is sure to please today's boater. The 704 allows for effortless, one-hand operation of the throttle and shift of an outboard. Intuitive designs place a thumb-operated, engine trim/tilt switch comfortably on the handle, and feature easily accessible neutral warm-up controls and externally adjustable throttle friction. Stylish chrome finish.

Single Engine: 704-48205-R0-00

Twin Engine: 704-48207-R0-00

Triple Binnacle Control Box

This uniquely designed triple control box allows for one hand operation for easier maneuverability. The unique triple control box has a built-in water drain tube for added reliability & long term durability. Easy access cable connection location for faster & easier rigging.

6X5-48207-03-00

Mechanical Binnacle Spacers

Designed to raise the 704 Binnacle Control to provide more clearance for the lever in idle and full-throttle positions.

Standard Single Flat Spacer: 704-48293-00-00

Premium Single Flat Spacer: 704-48293-20-00

Premium Single Angled Spacer: MAR-SHIM8-63-00

Premium Twin Flat Spacer: 704-48293-30-00

Premium Twin Angled Spacer: MAR-SHIM8-64-00
