Kosy Korner

a family tradition since 1935

Welcome to Kosy Korner where "home cooked" meals have been served for over 82 years. Locals, cottagers and tourists alike, line up for our superb coffee (Rainforest Alliance), fresh turkey club sandwiches and signature house-made Certified Angus Beef® burgers.

The food is always fresh and fast, the servers are friendly and it makes the 'summer line ups' and the 'snowy winter' drives worth the wait.

This will be our 7th summer that we have owned the Haliburton world-renown icon. But most of our staff has been here between 6 and 25 years. The loyalty of the staff and their attention to detail, cooking, serving and keeping the restaurant sparkling, make it easy for you to sit back and enjoy your dining experience.

Kosy has won the best hospitality award from the Haliburton BIA. We were recognized by Gordon Food Services as one of the best 10 restaurants in Ontario. Cottage Life has reported that Kosy Korner as one of the top 10 breakfast spots in Ontario and if you go to our Facebook page you can see Mike Myers on Conan O'Brien talking about Haliburton and mentioning how much he enjoys Kosy!

We have been told we sell more eggs than any other independent restaurant in Ontario. We cook 1-2 fresh turkeys a day along with a roast of beef. In the summer we go through 400 eggs in a day and 40 lbs of bacon. Our yearly totals are 6,000 dozen eggs, 7,300 lbs of bacon and about 650 turkeys.

So once again, welcome to our little restaurant, sit back and enjoy your food, talk with your neighbour, find out what's happening in Haliburton and we will see you again.

Environmental Commitment

At Kosy, we are trying to do our part for the environment. We have begun using a fountain soft drink dispenser in order to limit our use of plastic bottles. If you would like a straw with your drink, please ask us. We will provide a straw for all kids under 5 years of age as a matter of course. We have been recycling for years, but did you know we also collect our coffee grounds for Abbey Gardens and our cartons for the Artech Glass Studios? We source most of our food locally and our cooks prepare meals from scratch daily. Our maple syrup comes from a Sugar Bush operation near Lochlin. Everyone says our coffee is the best they have ever tasted. There is a reason for that; it's an Arabica coffee that is especially blended for Kosy Korner. It comes from high altitude rainforest alliance certified farms. This is as environmentally friendly as coffee gets.
