

## Warranties

All Galvanized Trailer Frames come with a 5-year warranty from manufacturer's defect. All Powder Coat Frames come with a 3-year warranty from manufacturer's defect. **HOWEVER**, *warranty shall be voided for all Powder Coat Frames should they be used in the proximity or within the area of salt and/or brackish water as a result of the corrosive and oxidizing effect of salt/brackish water on bare metal.*

*Only those items not directly covered by vendor warranties shall be applicable. Tires, couplers, and jacks are manufactured and warranted by companies other than Com-Fab, Inc. They should be contacted directly by the trailer owner.*
