

Dreyer South Vapor Blast Ordering Instructions

If you would like an estimate, send us some pictures of the item(s) and email them to Lauren@dreyersouth.com. You can give us a call at (317) 535-3700 but please send a picture for the most accurate quote!

How do I ship my parts to you?

To get the best results, parts must be cleaned of any dirt, grease and/or oily residue. Please clean the worst of any grease or dirt from your parts before you ship them. If you want to send us un-cleaned parts, feel free, but you're going to be paying us to clean them before they begin the Vapor Blast process.

Pack the parts well to prevent any damage during shipping. Make sure boxes are padded so parts are not banging together and boxes are taped up well. Also *INSURE YOUR SHIPMENT FOR THE STATED VALUE OF YOUR PARTS*.

Once we receive the parts, we will inspect the parts, photograph (before & after) and call you with an estimate. Normal turn-around time is 3 days. If you need something sooner please note on the order form. While-you-wait service is available to local customers by appointment only.

Shipping Options:

1. Go to your local UPS or FedEx Shipping store. Note, these are usually the highest rates.
2. USPS Priority Mail is usually the best value. You can pick up free Flat Rate boxes at your local post office. If you have your own box and scale, create an account at USPS.com and save a few dollars (and time waiting) over going to the Post Office.
3. If this isn't an option for you, send us the weight and dimensions and we can email you a shipping label and we will add to your final invoice.

How do you ship parts out?

Unless you specify otherwise, we will either ship out FedEx or USPS Priority Mail. We will choose the least expensive method. Shipping to a business usually saves a few dollars over residential addresses.

How do I pay you?

We will send an invoice via Paypal as soon as your project is finished. You can then pay via Paypal funds or a credit card. If you are local, cash is another option! Payment is due in full before shipment.
