

Process Steps: Manual Wheelchair

Med City Mobility receives **Prescription, patient insurance information** and associated **clinical notes** from patient's face-to-face appointment with doctor.

Patient is measured for appropriate wheelchair.
(In home or at Med City Mobility)

Med City Mobility performs an In-Home Assessment at patient's residence.

Med City Mobility submits a **Detailed Written Order (DWO)** to the doctor for completion.

Doctor returns the completed DWO to Med City Mobility.

Med City Mobility submits all documentation to insurance.

Upon approval, patient receives wheelchair.
