LONG-LASTING

Up to 30 days on a single charge.

HOW DOES IT WORK? HOW DO I GET HELP?

PRESS THE BUTTON

Activate Belle for any emergency big or small by press the unit's call button.

TALK TO OPERATOR

Operators are standing by 24/7 ready to assist. You'll communicate with them directly through Belle.

HELP IS ON THE WAY

Whether that's a family member or emergency services, we've got you covered.

CAN I TAKE THIS ANYWHERE?

Anywhere in the U.S. as long as there's adequate cellular service.

DON'T HAVE A CELL PHONE - CAN I STILL USE IT?

Belle works completely independent of whether or not a person has their own cell phone.

HOW DO I KNOW IT'S WORKING?

Belle checks in daily on its own, reporting battery level and cellular signal strength. Can also test as often as you'd like!

I'M NOT SURE WHERE I AM - CAN BELLE FIND ME?

Operators are able to triangulate Belle's approximate position through available cellular data. Used if customer is unsure of location.

RESPONSENOW *Belle Info & FAQs*

HOW OFTEN DO I CHARGE IT?

Charge Belle every 2-3 weeks for ~3 hours.

CAN I TAKE BELLE IN THE SHOWER?

Shower - yes! But no bathing or submerging in water.

HOW DO I PAY FOR IT? COST?

All credit and debit cards accepted. Monthly, Quarterly and Annual Plans available with discounts for long-term options.

HOW DO I CANCEL?

Able to cancel at any time on any plan. Simply return Belle to ResponseNow and we'll cease all billing.

DOES THIS HAVE GPS?

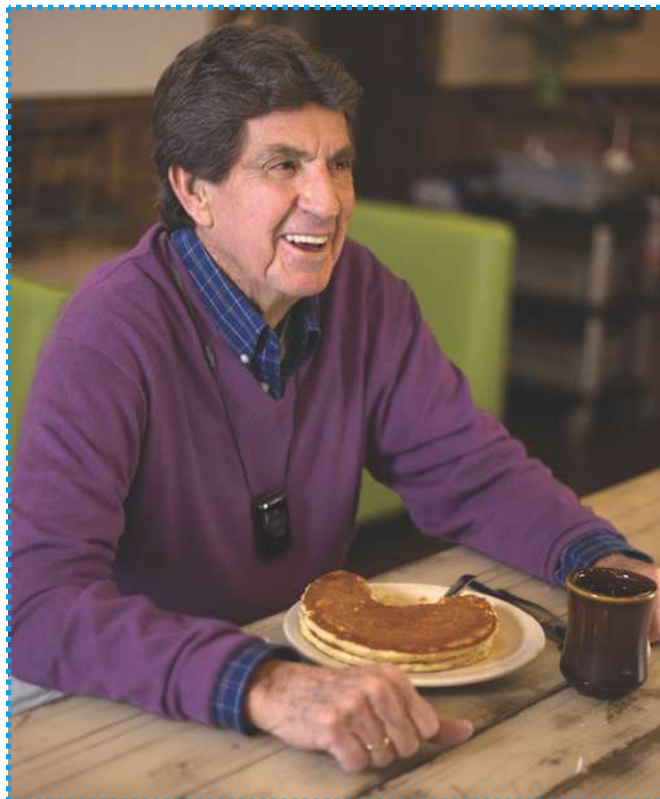

Belle is purely a cellular device meaning no GPS. GPS typically requires line-of-sight to communicate, which limits its indoor functionality. Also requires more frequent charging.

WHERE ARE OPERATORS?

Two monitoring centers standing by 24/7. One is in Salt Lake City, UT, the other in Boise, ID.

I'M READY - HOW DO I GET ONE?

Place order online by going through Affiliate's website or www.ResponseNow.com. Can also call 866.795.4321.

DO YOU HAVE OTHER TYPES OF HELP BUTTONS?

Yes! We have Belle+ and In Home systems available. Belle+ features fall detection and device tracking for an additional \$10/mo compared to Belle. Unit requires charging every 2-3 days due to higher power consumption.

Traditional In Home consoles are a great option for in and around someone's home (500 foot range). Requires landline.
