To get started just bring in your gear and complete our consignment contract. This can also be found online at www.wherethepoweris.com.

Sometimes there will be items we cannot except/sell – please understand that we base our decisions on what our customers support.

Condition of Items:

If you have gear you would like to consign with us, please bring it into either one of our locations in Falls Church or Woodbridge and we will go through it with you. Taking the extra time to make sure your items look great will only mean more money to you. Follow these easy steps for a quick sale at the best possible price.

1. Items should be on hangers or neatly folded but **MUST** be wrinkle-free
2. Apparel should be freshly washed or dry cleaned, and free of stains
3. No missing buttons or snaps and all zippers in working order

Pricing:

We base our pricing on brand, style, condition and market demand. All pricing takes into consideration the competitive market. Our goal is to get the highest price possible for your items. If you have a specific price in mind please let us know, however, **all prices are set at our discretion.**

Keep in mind most items depreciate 50% off of their initial value once they are used. However, the resale value does vary based on brand, condition, and market demand.

Sale Terms:

Items will be displayed for sale for 3 months (90 days). If it looks like an item isn't selling, we may mark down its price by 10% after 30 days and again at 60 days. If your items have not sold at the end of the 90 day term, one of the following options will apply based on your consignment agreement:

- a. You can retrieve any unsold items, please do so within 7 days after your 90 day period ends. If you fail to pick up your items by the 98th day, they will become the property of 2nd Turn. We will **NOT** contact you regarding items that have not sold. It is your responsibility to check on your items at the end of the 90 day period. Again, ALL unclaimed items will be forfeited.
- b. Your items will be donated to a charity. We will provide you with a tax deduction receipt.

Payment:

Consignees have the option to request either an in store credit or check for their items once sold. If you choose the option for an in store credit to be used on purchases at Coleman PowerSports your commission will be reduced to only 40%. Checks will be mailed during the third week of each month to the address we have on file unless you have indicated that you want to wait for all of your items to sell. If this is the case we will hold your balance until all items on your account have sold. Checks are issued only if the amount exceeds \$10.00 or the consignee can pick up the payment at the store. Amounts less than \$10.00 will be combined with future checks, or at the end of 3 months any outstanding amounts less than \$10.00 will be mailed.

All consignees will be issued a "consignment number" upon acceptance of merchandise to be sold, along with a signed consignment contract. This number must be referenced when inquiring about inventory on hand or payments. Consignee update requests on items sold or payment due must be done via email to 2ndturn@wherethepoweris.com. Please do not telephone us with inquiries.
